Click on the Title to view the solicitation and /or other details

1. **Recovery Act (ARRA)-Early Career Research Program**

DOE invites grant applications for support under the Early Career Research Program in the following program areas: Advanced Scientific Computing Research (ASCR); Biological and Environmental Research (BER); Basic Energy Sciences (BES); Fusion Energy Sciences (FES); High Energy Physics (HEP), and Nuclear Physics (NP).

RSP Deadline: August 25, 2009
Agency Deadline: September 1, 2009

2. **Science of Science and Innovation Policy**

This NSF program supports research designed to advance the scientific basis of science and innovation policy. Research funded by the program thus develops, improves and expands models, analytical tools, data and metrics that can be applied in the science policy decision making process. The estimated total program funding is $8 million and the expected number of awards 20.

RSP Deadline: September 2, 2009
Agency Deadline: September 9, 2009

3. **Partnerships for Biodefense Viral Pathogens (R01)**

NIH invites applications for projects that support development of new therapeutics, immunotherapeutics or medical diagnostics for NIAID Category A, B, or C viral pathogens. The NIAID intends to commit $7.3 million in total costs to fund five to ten applications.

RSP Deadline: September 16, 2009
Agency Deadline: September 23, 2009

4. **Delivery and Development of Instructional Materials**

NASA Goddard Space Flight Center is releasing a Cooperative Agreement Notice (CAN) that seeks proposals that incorporate innovative approaches for development and delivery of instructional materials, creates experiences that capture the interest of learners, and actively involves participants in relevant, NASA science, technology, engineering, and mathematics (STEM) content applications.

RSP Deadline: September 18, 2009
Agency Deadline: September 25, 2009

5. **Centers of Cancer Nanotechnology Excellence (CCNEs) (U54)**

The National Cancer Institute (NCI) and NIH solicits grant applications to establish a collaborative network of Centers for Cancer Nanotechnology Excellence (CCNEs) within the NCI Alliance for Nanotechnology in
Cancer (The Alliance) program The award ceiling for this award is $3.2 million.
RSP Deadline: October 7, 2009
Agency Deadline: October 14, 2009

6. **Research Experience for Undergraduates**

This NSF (REU) program supports active research participation by undergraduate students in any of the areas of research funded by the National Science Foundation. The estimated total program funding is $67 million and the expected number of awards is 1850.
RSP Deadline: October 15, 2009
Agency Deadline: October 22, 2009

7. **Limited Competition: Addressing Health Disparities in Maternal and Child Health through Community-Based Participator Research (R03)**

NIH requests applications to implement developmental community based participatory research (CBPR) projects planned and developed by recipients of the Phase I Academic-Community Partnerships Conference Series awards under PAR-08-106 and RFA-HD-06-019 (http://grants.nih.gov/grants/guide/pa-files/PAR-08-106.html). This initiative will encompass capacity building (i.e., data collection and management, recruitment and outreach, etc) as well the developmental research projects within specified areas of emphasis (infant mortality; sudden infant death syndrome; violence prevention; fibroid tumors; childhood, adolescent, and/or adult obesity). Estimated total program funding is $350,000.
RSP Deadline: October 21, 2009
Agency Deadline: October 28, 2009

To receive solicitations specific to your research expertise please visit [http://www.grants.gov/search/subscribeAdvanced.do](http://www.grants.gov/search/subscribeAdvanced.do)

---

Other opportunities can now be found in the RSP Public Folder on Outlook!! Visit [http://owa.cau.edu/public](http://owa.cau.edu/public) and login to view.

---

**NSF Atlanta Workshop** (relevant for faculty members in Biology and Biochemistry in or near the AUC)
Program Directors in Molecular and Cellular Biosciences will provide information about specific funding and answer your questions on August 21st at the Morehouse College Conference Center. If you would like to attend please email LaJoyce Debro at Ldebro@nsf.gov

---

**What’s New in RSP:** You can now alert RSP, via the internet, when you are interested in submitting a proposal by simply completing the Proposal Alert Form. After this form is completed online it is automatically routed to RSP staff members!!!! To submit your proposal alert form visit [www.cau.edu/research](http://www.cau.edu/research)

**RSP Online Courses:** Now is the time to enroll in the RSP 101-6500 online course. This course is mandatory for all PIs and PMs. To enroll in the course, email your name and 900 number to research@cau.edu so that you can complete the course and receive credit. Future RSP technology-based training will also be offered on topics such as chemical and hazardous waste and more.

---

**Reminder:** Research and Sponsored Programs’ internal deadline for all proposals is five (5) days before the agency deadline.”
