In August of 2010, we launched our first quarterly newsletter and we are continuing in the “Spirit of Excellence” with our second. I hope that with each quarter we can bring you new information that is enlightening and educational in regards to the areas in Auxiliary Services. I would also like to encourage each of you to take the time to leave a kind word within the many comment areas available inside of the respective offices, and some online as well. While we do take pride in making sure that students, faculty/staff and guests are our major priority in receiving the best service, we also like to know when we have done a great job in doing so. So please, if you can remember, take a moment and comment on your experience in the Bookstore, Dining, Mailroom, Panther Paw, Parking and Print Shop. You may also visit our website at www.cau.edu and click the Auxiliary Services tab.

As always, I thank you for your support, and appreciate your continued patronage!

PARKING DECK RENOVATIONS

As you may be aware, the Parking Deck has undergone construction to implement better traffic flow on a day to day basis. Relief of congestion at the entrance and exit of the Parking Deck, and updates with the after hours parking fee payment process have been successfully completed. Also, the access gates and the cashier’s booth have been relocated further up into the garage, and the deck has been separated into two different parts. This change has minimized traffic back up, and opened up the entrance/exit for better vehicle maneuvering. You will also find an automated pay station has been installed at the transient exit area, to enhance more efficient customer service with parking after hours. The Pay Station has replaced the existing token machine, and allows customers to pay their parking fee with cash and credit cards upon exiting the lot during evening hours, weekends, and holidays.

In addition to this, we informed you that would continue to notice enhancements with the lighting, security surveillance, barricades and shoring posts to ensure parking deck structural sturdiness. As always, we have been and will continue to strive to do all we can to make sure that your parking experience is safe, convenient and smooth.

Over the Christmas holidays a drainage system was created in the Parking Deck to remedy standing water in the entrance when it rains. You will also notice a little pop of fresh color on the outside wall of the parking office, and are currently in the process of restructuring the barricades and shoring posts.

As always, if you have any questions or want to leave comments, you may do so at the cau.edu website and select the parking link.

DINING SERVICES IN NOVEMBER

The Dining Hall is a key area in Auxiliary Services because it caters to the one thing we all need to survive...FOOD! Our dining services team has put together menus that are guaranteed to be satisfying and appeasing to the palate. With that, we would like for you to help us welcome our new catering manager, Ms. Deena Wallace to the Dining Services family!

On February 14, 2011 Faculty Dining will have a menu in honor of Valentine’s Day featuring filet mignon, crab legs and shrimp. Following shortly after on February 16, 2011 your meal choice could be featured on the Classic’s Line. A box is up now in the Dining Hall to give you an opportunity to create your own menu and on the 16th, your name will be featured and your created menu will be served.

On February 21, 2011, the Dining Hall and Den will be offering you a chance to voice your opinion about the dining area through customer service surveys. They surveys will be offered from 11:00 a.m. to 8:00 p.m. so make sure you come by and allow your voice to be heard!

We are enhancing our menu selections per your requests and have come up with “Sustainability Tuesdays & Meatless Mondays” on the Classics station line.
