- Document Your Observations
- Analyze the Results
- Review the Project

1. [Foreign Language and Area Studies Fellowship Program](#)

The Foreign Language and Area Studies (FLAS) Fellowships program provides allocations of academic year and summer fellowships to institutions of higher education or consortia of institutions of higher education to assist meritorious undergraduate students and graduate students undergoing training in modern foreign languages and related area or international studies. Eligible students apply for fellowships directly to an institution that has received an allocation of fellowships from the U.S. Department of Education.

Application Deadline: March 23, 2010

2. [Program for North American Mobility in Higher Education](#)

This U.S. Department of Education program promotes a student-centered, North American dimension to education and training in a wide range of academic and professional disciplines that complement existing forms of bilateral and trilateral exchange programs among Mexico, Canada, and the United States. Consortia are funded for four years with the first year of funding dedicated to establishing consortium agreements or memoranda of understanding among institutions in the participating countries.

RSP Deadline: March 17, 2010

Agency Deadline: March 24, 2010

3. [Theoretical Research in Magnetic Fusion Energy \(Reference # DE-FOA-0000252 NAICS\)](#)

The Fusion Energy Sciences (FES) program of the Office of Science (SC), U.S. Department of Energy (DOE), hereby announces its interest in receiving grant applications for theoretical research relevant to the U.S. program in magnetic fusion energy sciences. The specific areas of interest are: 1. Magnetohydrodynamics 2. Confinement and Transport 3. Boundary Physics 4. Plasma Heating, Non-inductive Current Drive, and Energetic Particles 5. Innovative Magnetic Confinement Concepts 6. Atomic and Molecular Processes in Plasmas.

RSP Deadline: March 30, 2010

Agency Deadline: April 5, 2010

4. [School Leadership Program](#)

This U.S. Department of Education program provides grants to support the development, enhancement, or expansion of innovative programs to recruit, train, and mentor principals (including assistant principals) for high-need LEAs.

RSP Deadline: March 30, 2010

Agency Deadline: April 6, 2010

5. [High Capacity Optical Networking](#)

The Office of Advanced Scientific Computing Research (ASCR) hereby announces its interest in receiving applications for potential funding of advanced networking/middleware projects in two technical areas: 1) intelligent Terabits (Tbits/s) optical networks and 2) deeply integrated middleware services. This funding will lead to the development and deployment of advanced ultra high-speed networking technologies and middleware services for the distribution of massive data sets.

RSP Deadline: April 19, 2010

Agency Deadline: April 23, 2010

6. [Nanotechnology Undergraduate Education \(NUE\) in Engineering](#)

This National Science Foundation solicitation aims at introducing nanoscale science, engineering, and technology through a variety of interdisciplinary approaches into undergraduate engineering education. The focus of this year's competition is on nanoscale engineering education with relevance to devices and systems and/or on the societal, ethical, economic and/or environmental issues relevant to nanotechnology. Estimated total funding is \$1,900,000.

RSP Deadline: April 30, 2010

Agency Deadline: May 7, 2010

7. [Community Participating Research Targeting the Medically Underserved \(R01\)](#)

This Office of Behavioral and Social Sciences Research (OBSSR) and National Institutes of Health (NIH) solicit applications that propose research on health promotion, disease prevention, and health disparities that is jointly conducted by communities and researchers and targets medically underserved areas and medically underserved populations. This FOA will use the R01 grant mechanism to encourage studies that specifically target medically underserved areas as well as underserved and underrepresented populations. This focus will allow studies to assess the nature and scope of health problems in underserved communities, formulate hypotheses about the relationship of community dynamics and health problems as they relate to underrepresented populations, design targeted interventions aimed at addressing health disparities in specified communities and specific populations, and track the efficacy of outreach efforts that result from CBPR research in the community.

RSP Deadline: May 7, 2010

Agency Deadline: May 14, 2010

Announcements/Reminders

The National Science Foundation (NSF) Workshop will be held at Fort Valley State on February 25, 2010. This workshop is designed for researchers and educators less experienced in proposing to the NSF; (however experienced proposers may find the workshop useful.)

Contact gwillson@nsf.gov for more details!

The 6th Annual Prostate Cancer Symposium to be held at CAU on March 14-16 2010!

Reminder: Research and Sponsored Programs' internal deadline for *all* proposals is *five (5)* days before the agency deadline.
