FOREWORD

TO ALL EMPLOYEES:

We are all aware of the financial disaster that a family may experience as a result of a serious or prolonged Illness or Accident. The medical benefits available under the Clark Atlanta University Employee Health Benefit Plan (the Plan) and described in this Plan document and summary plan description (SPD) are designed to provide some protection for you and your family against such a disaster.

In sponsoring this Plan, the Company has attempted to provide the best coverage possible within the financial limits of both the Company and you. In keeping with this goal, we periodically review the Plan to ensure we maintain an adequate and reasonably priced program. The cost of this Plan is in direct proportion to the Claims paid. Therefore, it is important that all Employees and their families use the Plan wisely so the cost will remain affordable to all of us. In addition, the amount of your contribution to the Plan is subject to change at the discretion of the Company.

The Company has selected Ineticare, a health benefit management service, to provide pre-hospitalization and continued stay review for all persons covered by the Plan. A Covered Person must contact Ineticare at (877) 608-2200 at least 72 hours prior to any scheduled admission for a medical condition, Mental or Nervous Disorder, or Substance Abuse/Substance Dependence treatment. In case of an emergency Hospital admission or emergency surgery, Ineticare must be notified within two working days of admission. Except in certain cases concerning childbirth, as described more fully in this Plan, all Covered Persons must use the Ineticare pre-hospitalization and continued stay review service to obtain full benefits under this Plan.

A Covered Person must call Ineticare at least 72 hours prior to inception of any chemotherapy regimen, pre-authorization must be obtained by calling Ineticare at (877) 208-5002.

The administration of the Plan may include pre-admission reviews, length of stay reviews, utilization reviews, retrospective reviews, audits, and managed care; each and all of which to such extent as is appropriate to ensure that neither Covered Persons nor the Company incur avoidable hospitalization or other costs in obtaining quality, appropriate medical care covered by the Plan.

Payment of covered charges will be withheld if pre-certification for treatment is based on a diagnosis for which treatment is covered, but the treatment is actually undertaken for a condition which is not covered by the Plan. In no event will pre-certification guarantee payment of any Claims.

In addition to describing your benefits, this Plan document and SPD explain other important procedures such as how you become eligible and how to file a claim for benefits.

IMPORTANT: If, at any time, you have questions about the Plan, please contact the Plan's Administrative Service Agent, Group Resources®, for assistance. Group Resources is always available to assist you with your questions.
We are pleased to offer the benefits under this Plan for you and your covered family members as an expression of our appreciation for your efforts on behalf of our Company.

Clark Atlanta University
PRIVACY AND SECURITY OF MEDICAL INFORMATION

We understand that your medical information is private, and we are committed to maintaining the privacy of your medical information. The Plan will follow the policies below to help ensure that your medical information remains private.

Each time you submit a claim to the Plan for reimbursement, and each time you see a health care Provider who is paid by the Plan, a record is created. The record may contain your medical information. In general, the Plan will only use or disclose your medical information without your authorization for the specific reasons detailed below. Except in limited circumstances, the amount of information used or disclosed will be limited to the minimum necessary to accomplish the intent of the use or disclosure.

The Plan does not operate by itself but rather is operated and administered by the Company acting on the Plan's behalf. As a result, medical information used or disclosed by the Plan (as discussed below) necessarily means that the Company is using or disclosing the medical information on behalf of the Plan. As a result, references to the Plan in "PRIVACY AND SECURITY OF MEDICAL INFORMATION" shall also be construed as references to the Company to the extent necessary to carry out the actions of the Plan.

PERMITTED USES AND DISCLOSURES. The following categories describe different ways that the Plan may use or disclose your medical information. Not every use or disclosure in a category will be listed. However, all of the ways the Plan is permitted to use and disclose information will fall within one of the categories.

Treatment. The Plan may use or disclose your medical information to facilitate medical treatment or services by Providers. The Plan may disclose your medical information to Providers, including doctors, nurses, technicians, pharmacists, medical students, or other hospital personnel who are involved in your care. For example, the Plan might disclose information about your prior prescriptions to a pharmacist to determine if a pending prescription is contraindicative with prior prescriptions.

Payment. The Plan may use and disclose your medical information to determine eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care Providers, to determine benefit responsibility under the Plan, or to coordinate Plan coverage. For example, the Plan may tell your health care Provider about your medical history to determine whether a particular treatment is Experimental/Investigational, or Medically Necessary or to determine whether the Plan will cover the treatment. The Plan may also share medical information with a utilization review or pre-certification service Provider. Likewise, the Plan may share medical information with another entity to assist with the adjudication or subrogation of health claims or to another health plan to coordinate benefit payments.

Health Care Operations. The Plan may use and disclose your medical information for other Plan operations. These uses and disclosures are necessary to run the Plan. For example, the Plan may use medical information in connection with: conducting quality assessment and improvement activities; underwriting (with respect to medical information other than medical information which is genetic information), premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss (or excess loss) coverage; conducting or arranging for medical review, legal services, audit services, and fraud and abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities.
Family Members, Relatives, Close Personal Friends. The Plan may disclose your medical information to your family members, relatives, or close personal friends, or any other person identified by you, if the medical information is directly relevant to the family member's, relative's or friend's involvement with your care or payment for your care.

Business Associates. The Plan contracts with individuals and entities ("business associates") to perform various functions on behalf of the Plan or provide services to the Plan. These business associates may receive, create, maintain, use, or disclose your medical information, but only after they agree in writing to safeguard your medical information. For example, the Plan may disclose your medical information to a business associate to administer claims, perform utilization review management, or review the Plan’s financial records. The Business Associate may use PHI for the proper management and administration of the Business Associate or to carry out legal responsibilities of the Business Associate or for data aggregation services relating to the health care operations of the Plan. The Business Associate may disclose PHI in connection with a function, service or responsibility or service to be performed by the Business Associate and such disclosure is: required by law; or the Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidential, and used or further disclosed only as required by law or for the purposes for which it was disclosed, and the person agrees to notify the Business Associate of any breaches of confidentiality.

Requirement by Law. The Plan will disclose your medical information when required to do so by federal, state, or local law. For example, the Plan may disclose medical information when required by a court order in a litigation proceeding such as a malpractice action.

Aversion of a Serious Threat to Health or Safety. The Plan may use or disclose your medical information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat. For example, the Plan may disclose your medical information in a proceeding regarding the licensure of a physician.

Organ and Tissue Donation. If you are an organ donor, the Plan may release your medical information to organizations that handle organ procurement or organ, eye, or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

Military and Veterans. If you are a member of the armed forces, the Plan may release your medical information as required by military command authorities. The Plan may also release medical information about foreign military personnel to the appropriate foreign military authority.

Workers’ Compensation. The Plan may release your medical information for workers’ compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Public Health Risks. The Plan may disclose your medical information for public health activities. These activities generally include the following:
- to prevent or control disease, injury, or disability;
- to report births and deaths;
• to report child abuse or neglect;
• to report reactions to medications or problems with products;
• to notify people of recalls of products they may be using;
• to notify a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition;
• to notify the appropriate government authority if we believe a patient has been the victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. The Plan may disclose medical information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or dispute, the Plan may disclose your medical information in response to a court or administrative order. The Plan may also disclose your medical information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

Law Enforcement. The Plan may release your medical information if asked to do so by a law enforcement official:
• in response to a court order, subpoena, warrant, summons or similar process;
• to identify or locate a suspect, fugitive, material witness or missing person;
• if you are, or are suspected to be, the victim of a crime, under certain limited circumstances, and the Plan Administrator is unable to obtain your agreement;
• about a death the Plan Administrator believes may be the result of criminal conduct;
• about criminal conduct on the Company’s premises; or
• in emergency circumstances to report a crime, the location of the crime or victims, or the identity, description, or location of the crime or victims, or the identity, description, or location of the person who committed the crime.

Department of Health and Human Services. The Plan will disclose your medical information to the U.S. Department of Health and Human Services when requested for purposes of determining the Plan’s compliance with applicable regulations.

Coroners, Medical Examiners, and Funeral Directors. The Plan may release medical information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. The Plan may also release medical information to funeral directors as necessary to carry out their duties.

National Security and Intelligence Activities. The Plan may release your medical information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.
Inmates. If you are an inmate of a correctional institution or under the custody of a law enforcement official, the Plan may release your medical information to the correctional institution or law enforcement official. This release would be necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

Other Benefits. The Plan may contact you to provide information about treatment alternatives or other health-related benefits and services that may be of interest to you. For example, if you are suffering from a complex illness, the Plan may contact you to discuss an alternate form of care or an alternate treatment facility.

DISCLOSURES TO THE COMPANY. The Plan will disclose your medical information to the Company for Plan administration purposes only upon receipt of a certification from the Company that the Plan sets forth the permitted uses and disclosures of medical information by the Company on behalf of the Plan, and that the Company has agreed to the following assurances:

- The Company will not further use or disclose medical information about you other than as permitted or required by the Plan documents or as required by law;
- The Company will ensure that any agents, including subcontractors, to whom it provides medical information (including electronic medical information) received from the Plan agree to the same restrictions and conditions that apply to the Company with respect to such information and agree to implement reasonable and appropriate security measures to protect the information;
- The Company will implement administrative, technical, and physical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic medical information that it creates, receives, maintains, or transmits on behalf of the Plan;
- The Company will not use or disclose the medical information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Company;
- The Company will report to the Plan any use or disclosure of medical information that is inconsistent with the permitted uses and disclosures, of which it becomes aware;
- The Company will report to the Plan, within a reasonable time after the Company becomes aware, any security incident that results in unauthorized access, use, disclosure, modification, or destruction of the Plan’s electronic medical information;
- The Company will report to the Plan any other security incident on an aggregate basis every quarter or more frequently upon the Plan’s request;
- The Company will make its internal practices, books, and records relating to the use and disclosure of medical information received from the Plan available to the Department of Health and Human Services for purposes of determining whether the Plan is complying with applicable regulations;
- The Company will ensure that there is adequate separation between the Plan and the Company (as described below) and that the separation is supported by reasonable and appropriate security measures;
Privacy and Security of Medical Information

- The Company will make your medical information available to you (as described below);
- The Company will make your medical information available to you for amendment and incorporate any amendment into your medical information (as described below); and
- The Company will make available the information required to provide you an accounting of disclosures (as described below).

ACCESS TO MEDICAL INFORMATION. The Plan will make your medical information available to you for inspection and copying upon your written request to the Plan Administrator. The Plan may charge a fee for the costs of copying, mailing or other supplies associated with your request. The Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed.

If the Plan uses or maintains an electronic health record with respect to your medical information, you have a right to obtain a copy of such information in an electronic format and, if you so choose, direct the Plan to transmit such copy directly to another entity or person.

AMENDMENT OF MEDICAL INFORMATION. If you feel that medical information the Plan has about you is incorrect or incomplete, you may ask the Plan to amend the information. You have the right to request an amendment for as long as the information is kept by or for the Plan. Your request must be made in writing and submitted to the Plan Administrator. In addition, you must provide a reason that supports your request.

The Plan Administrator may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, the Plan Administrator may deny your request if you ask the Plan Administrator to amend information that:
- is not part of the medical information kept by or for the Plan;
- was not created by the Plan, unless the person or entity that created the information is no longer available to make the amendment;
- is not part of the information which you would be permitted to inspect and copy; or
- is accurate and complete.

ACCOUNTING OF DISCLOSURES. If you wish to know to whom medical information about you has been disclosed for any purpose other than (1) treatment, payment, or health care operations, (2) pursuant to your written authorization, and (3) for certain other purposes, you may make a written request to the Plan Administrator, as provided for in 45 C.F.R §164.528 of the HIPAA requirements.

Your request must state a time period which may not be longer than six years prior to the date of your request. Your request should indicate in what form you want the list (for example, paper or electronic). The first list you request within a 12-month period will be free. For additional lists, the Plan Administrator may charge you for the costs of providing the list. The Plan Administrator will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.
Privacy and Security of Medical Information

The accounting will not include disclosure for the purposes of treatment, payment, or health care operations (provided, that, to the extent required by law, if the Plan maintains an electronic health record, the accounting will include such disclosures made through an electronic health record). In addition, the accounting will not include disclosures which you have authorized in writing.

SEPARATION BETWEEN THE PLAN AND THE COMPANY. Only Employees of the Company who are involved in the day-to-day operation and administrative functions of the Plan will have access to your medical information. In general, this will only include individuals who work in the Company’s Human Resources or Employee Benefits departments. These individuals will receive appropriate training regarding the Plan’s privacy policies. In the event an individual fails to comply with the Plan’s provisions regarding the protection of your medical information, the Company will take appropriate action in accordance with its established policy for failure to comply with the Plan’s privacy provisions.

OTHER USES OF MEDICAL INFORMATION. Any other uses and disclosures of medical information will be made only with your written authorization. If you provide the Plan authorization to use or disclose medical information about you, you may revoke that authorization, in writing, at any time. If you revoke your authorization, the Plan will no longer use or disclose medical information about you for the reasons covered by your written authorization. Please note that the Plan is unable to take back any disclosures it has already made with your authorization, and that the Plan is required to retain records of the care provided to you.

MEDICAL BENEFITS - OPTION A

Benefits for a Covered Person are determined by the Covered Person’s eligibility classification and by the terms of this Plan. Benefits under this Plan are paid according to the provisions, exclusions and limitations described in this Plan, subject to the schedule outlined below. Any maximums listed in this Plan apply across all options offered by the Company. If a maximum is reached under one option of the Plan, it is also reached under all other options of the Plan. If a Covered Person transfers from one Plan option to another, he or she will receive credit for all Deductible and Out-of-Pocket amounts met, and will be treated as having accumulated under the new option all benefit payments which apply to maximums accumulated under the previous Plan option.

This Plan treats Mental or Nervous Disorders, Substance Abuse and Substance Dependence like any other illness. For benefits, please check below for the provider who is performing the services.

<table>

<td>Single</td>
</tr>
<tr>
<td>Family</td>
</tr>
<tr>
<td><strong>NON-PPO</strong></td>
</tr>
<tr>
<td>Single</td>
</tr>
<tr>
<td>Family</td>
</tr>
</tbody>
</table>

Eligible expenses are applied to both the PPO and Non-PPO Deductible. The maximum Deductible will never exceed the amount of the Non-PPO Deductible.

<table>
<thead>
<tr>
<th>COINSURANCE (After satisfaction of the Calendar Year Deductible)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>PPO</strong></td>
</tr>
<tr>
<td><strong>NON-PPO</strong></td>
</tr>
</tbody>
</table>

When radiology, anesthesiology, pathology, or emergency room Physician services are rendered by a Non-PPO Provider at a PPO facility, and ordered by a PPO Physician, the services will be processed at the PPO Coinsurance rate, subject to the PPO Deductible, PPO Out-of-Pocket, or PPO Copays.

If a Covered Person lives more than 30 miles away from a participating PPO Provider/facility, or in the event a Non-PPO Provider/facility is used in a Medical Emergency (see “DEFINITIONS”) situation, benefits will be processed at the PPO Coinsurance rate, subject to the PPO Out-of-Pocket and PPO Copays.

PPO Copays will be reduced by $10 for services rendered at Morehouse Medical Associates.

<table>

</tr>
<tr>
<td>Family</td>
</tr>
</tbody>
</table>

The Out-of-Pocket Maximum includes Deductible, medical Copays, and prescription Copays
Eligible expenses are applied to both the PPO and Non-PPO Out-of-Pocket. The maximum Out-of-Pocket will never exceed the amount of the Non-PPO Out-of-Pocket. After the Out-of-Pocket Maximum has been satisfied, all eligible charges subsequently incurred during that Calendar Year will be paid at 100%. However, penalties and non-covered charges do not apply to the Out-of-Pocket Maximum.

**Maximum Per Calendar Year** ........................................................ $400

The Calendar Year maximum does not apply to Dependents under age 19.

**WELLNESS EXPENSE**

**PPO (Deductible waived)** ............................................................ 100%

**NON-PPO (Deductible applies)** .................................................... 50%

Preventive services are covered with no cost share if a PPO Provider is used. This benefit includes, but is not limited to: routine physical/exam; gynecological exam; mammogram; pap smear; prostate testing (PSA); other routine lab and x-ray; immunizations; routine endoscopy, colonoscopy or sigmoidoscopy; and vision and hearing screening for children. Many of these services are covered only for specific age groups. For more detailed information on covered preventive services, please visit these websites:

- Evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force, available at [http://www.ahrq.gov/clinic/pocketgd1011/](http://www.ahrq.gov/clinic/pocketgd1011/);

- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the individual involved, available at [http://www.cdc.gov/vaccines/acip/index.html](http://www.cdc.gov/vaccines/acip/index.html);

- With respect to infants, children, and adolescents, evidence-informed preventive care and screening provided for in the comprehensive guidelines supported by the Health Resources and Services Administration, available at [http://www.hrsa.gov/](http://www.hrsa.gov/) and

**WOMEN'S HEALTH AND CANCER RIGHTS ACT.** Pursuant to the Women's Health and Cancer Rights Act of 1998, this Plan provides benefits for Covered Persons for mastectomy-related services, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from mastectomy (including lymphedema). For further details, please see subsection 21 of "ELIGIBLE CHARGES."
MEDICAL BENEFITS - OPTION B

Benefits for a Covered Person are determined by the Covered Person's eligibility classification and by the terms of this Plan. Benefits under this Plan are paid according to the provisions, exclusions and limitations described in this Plan, subject to the schedule outlined below. Any maximums listed in this Plan apply across all options offered by the Company. If a maximum is reached under one option of the Plan, it is also reached under all other options of the Plan. If a Covered Person transfers from one Plan option to another, he or she will receive credit for all Deductible and Out-of-Pocket amounts met, and will be treated as having accumulated under the new option all benefit payments which apply to maximums accumulated under the previous Plan option.

This Plan treats Mental or Nervous Disorders, Substance Abuse and Substance Dependence like any other illness. For benefits, please check below for the provider who is performing the services.

When radiology, anesthesiology, pathology, or emergency room Physician services are rendered by a Non-PPO Provider at a PPO facility, and ordered by a PPO Physician, the services will be processed at the PPO Coinsurance rate, subject to the PPO Deductible, PPO Out-of-Pocket, or PPO Copays.

If a Covered Person lives more than 30 miles away from a participating PPO Provider/facility, or in the event a Non-PPO Provider/facility is used in a Medical Emergency (see "DEFINITIONS") situation, benefits will be processed at the PPO Coinsurance rate, subject to the PPO Out-of-Pocket and PPO Copays.

PPO Copays will be reduced by $10 for services rendered at Morehouse Medical Associates.

**OUT-OF-POCKET MAXIMUM**

The Out-of-Pocket Maximum includes Deductible, medical Copays, and prescription Copays.
Eligible expenses are applied to both the PPO and Non-PPO Out-of-Pocket. The maximum Out-of-Pocket will never exceed the amount of the Non-PPO Out-of-Pocket. After the Out-of-Pocket Maximum has been satisfied, all eligible charges subsequently incurred during that Calendar Year will be paid at 100%. However, penalties and non-covered charges do not apply to the Out-of-Pocket Maximum.

The per prescription Copay is not eligible for reimbursement under the Plan.

**Generic** means drugs that are available from many sources and in generic form. These are typically the lowest cost drugs and result in the lowest Copay.

**Preferred** means drugs which are preferred by the prescription vendor. Since these drugs typically have a lower cost, they are not charged the highest Copay.

**Non-Preferred** means drugs which are not on the prescription vendor’s preferred list. Choosing these drugs results in the highest Copay.

**Some drug expenses which are covered:**
1. Legend drugs;
2. Compound prescriptions of which at least one ingredient is a legend drug in a therapeutic amount;
3. Insulin and insulin syringes;
4. Diabetic supplies;
5. Oral contraceptives;
6. Contraceptive devices;
7. Erectile dysfunction/organic impotence drugs, limited to six tablets per month;
8. Prescription smoking cessation products, limited to $350 per prescription;
9. Cosmetic agents;
10. Glucose monitors;
11. Prenatal vitamins; and
12. Vitamins with fluoride.

**Some drug expenses which are not covered:**
1. Over-the-counter medication;
2. Non-insulin syringes;
3. Biological serums (immunological vaccines);
4. Diet control drugs (anorexics);
5. Medical devices/supplies, other than those listed;
6. Fertility drugs;
7. Diagnostic agents (test kits);
8. RU486 (Mifepristone);
9. Hair growth stimulants;
10. Growth hormones;
11. Vitamins, except as stated above;
12. Non-drug items, such as stockings or devices, even if a prescription is required;
13. Refills obtained more than one year after the original prescription date or prior to 75% of the completion of the projected usage; and
14) Any drugs which are Experimental/Investigational (see “EXCLUSIONS AND LIMITATIONS” for further details).

This is not a complete list of drugs that are included or excluded. Please contact Script Care at (800) 880-9988 or www.scriptcare.com or Drug Source, Inc. at (800) 854-8764 or www.drugsourceinc.com to determine specific drug coverage.
ONCOLOGIC PRE-AUTHORIZATION PROGRAM

A Covered Person who has a diagnosis of cancer (and his or her treating oncologist) must call Ineticare at least three business days prior to the inception of a chemotherapy regimen. The number for Ineticare is (877) 208-5002.

The Covered Person (or his or her treating oncologist) must provide Ineticare with the proposed treatment regimen, including the names and NDC numbers of all drugs to be used in the treatment process. The Covered Person is responsible for informing the attending Physician of the requirements of the oncologic managed care procedure.

If there is a change to the treatment regimen (introduction / removal / replacement), then the Covered Person (or his or her oncologist) needs to again contact Ineticare at least three business days prior to the beginning of the new treatment process.

The Ineticare medical care counselor will contact the Physician to discuss the proposed treatment regimen and make a determination as to the eligibility of the treatment regimen under the Plan.

If the Covered Person fails to follow the Plan’s procedures for pre-authorization of a chemotherapy regimen, the chemotherapy regimen may not be considered to be an eligible charge under the terms of the Plan.
The “QUEST LAB CARD PROGRAM” has been added to your existing healthcare benefit package to save you money on outpatient laboratory tests. When you use Quest Lab Card, you pay nothing - no Deductible, no Coinsurance, and no Copay for Outpatient laboratory testing services covered by your healthcare plan.

Please note that it is your responsibility to request the Quest Lab Card Benefit.

How the Program Works

1) At your Physician’s office, show your identification card/Quest Lab Card to the office manager and the person collecting your specimens, and explain that you are part of the “QUEST LAB CARD PROGRAM.” You must verbally request that your specimens to be sent under the Quest Lab Card benefit to Quest Diagnostics. Your Physician or phlebotomist must indicate that you have Quest Lab Card on the paperwork that accompanies your specimens.

2) Your Physician’s office will collect your specimens and call for specimen pickup.

3) Quest Diagnostics will perform the tests and send the results to your Physician (usually the next business day).

If your physician is not able to collect the specimens in his office, please follow these instructions:

1) Request from your physician the test orders to take to one of the Quest Lab Card contracted collection sites. ONLY the sites listed on the Quest Lab Card website are available to collect for Quest Lab Card.

2) Site listings change, so you will find the most updated list, including hours, capabilities and any special instructions, on the website, www.LabCard.com, or by calling Quest Lab Card Client Services, (800) 646-7788, ext. 84.

3) The contracted collection site will send your specimens to Quest Diagnostics and the results will be sent directly back to your physician (usually within 24-48 hours).

The “QUEST LAB CARD PROGRAM” does not replace the benefits included in your current medical plan. It simply gives you the additional option of obtaining quality Outpatient lab testing at no cost.

Quest Lab Card Patient Options

1) Quest Lab Card Participant - if specimens are sent to Quest Lab Card and are covered by your healthcare plan:
   - Expenses are paid at 100%;

2) Quest Lab Card Non-Participant:
   - Regular benefits apply; and
   - You are responsible for Deductible, Coinsurance, or Copays.
“ONE CALL CARE MANAGEMENT” has been added to your plan to provide lower cost advanced imaging services, and “One Call” scheduling. When a Covered Person contacts “One Call,” experienced scheduling professionals assist them in selecting the most convenient network provider. Once a facility is selected, “One Call” schedules the appointment by conducting a “3-way” call with imaging center and the patient.

To access One Call Care’s value-added scheduling program for MRI, CT, and PET Scans call One Call Care’s toll free number for scheduling at (888) 458-8746.

Utilizing One Call Care’s Services will provide you with:
- Substantial discounts on imaging tests
- Over 2,900 radiology centers through the United States
- Multilingual customer service staff
- Priority appointment scheduling
- Coast to coast coverage, hours of operation 8:00 a.m. – 8:30 p.m. EST

OCCM service representatives will assist you in selecting a network provider that is convenient to your home or work. There are no additional costs, no special claim forms and no enrollment needed to access this value-added benefit.
SPECIAL TRANSPLANT PROGRAM

In addition to any standard transplant benefit set forth in this Plan, a special transplant benefit may be available when a Covered Person participates in the “SPECIAL TRANSPLANT PROGRAM”. The special transplant benefit provides enhanced transplant benefits and participation in the program is voluntary. Additional information regarding the “SPECIAL TRANSPLANT PROGRAM” may be obtained through Group Resources.

The special transplant benefit provides the following benefits in addition to any transplant benefits available under this plan:

1) Access to Centers of Excellence Transplant Facilities throughout the United States;
2) Reimbursement, up to a total of $5,000, for expenses incurred by the Covered Person and one companion, or both parents if Covered Person is a minor child:
   a) for travel to and from the Centers of Excellence facility when that travel is related to the actual transplant occurrence; and
   b) for lodging expenses related to such travel and occurring prior to and following the actual transplant occurrence; and
3) Waiver of the Covered Person’s Deductible and Copays up to $1,500 during the year in which the transplant occurs.

The special transplant benefit is only available when a Covered Person participates in the “SPECIAL TRANSPLANT PROGRAM” and satisfies all of the following requirements:

1) Notification of the transplant procedure must be provided to INTRACORP in accordance with its guidelines;
2) The Covered Person must call the “SPECIAL TRANSPLANT PROGRAM” at 1-888-4ORGANS card as soon as the Covered Person is identified as a potential transplant candidate to notify the “SPECIAL TRANSPLANT PROGRAM” of the impending transplant; and
3) All transplant services must be rendered at a Centers of Excellence Transplant Facility which participates in this program for the specific organ or tissue transplant required. A current list of participating Centers of Excellence facilities for each type of transplant is available from Group Resources.
DENTAL BENEFITS

Dental services may be rendered by any Dentist; however, there will be a discount given at the time services are rendered if a Connection Dental PPO Provider is used. A list of the Connection Dental Providers included in the PPO will be furnished automatically, without charge, and is also available on the internet at www.connectiondental.com or www.ppousa.com, or by calling (877) 277-6872.

Dental benefits are based on the Reasonable Charges or Customary Charges or PPO allowance for the services of a Dentist or other Physician for necessary care, appliances, or other dental material listed as a covered dental service.

A dental charge is incurred on the date the service or supply for which it is made, is performed, or furnished. However, there are times when one overall charge is made for all or part of a course of treatment. In that case, the Claims Administrator will apportion that overall charge to each of the separate visits or treatments. The pro rata charge will be considered to be incurred as each visit or treatment is completed.

Benefits are payable only if the covered dental expenses are for treatment that is:

1) Incurred and completed while dental coverage is in effect; and
2) Provided by:
   - A licensed Dentist;
   - A licensed Doctor; or
   - A dental assistant or a Dental Hygienist working under the direct supervision of a Dentist; and
3) Provided according to generally accepted dental practice; and
4) Necessary for the diagnosis, prevention or correction of dental disease, defect or Accidental Injury.

CLASS IV - ORTHODONTIA
This is treatment to move teeth by means of appliances, to correct a handicapping malocclusion of the mouth. Services include preliminary study and treatment plan, x-rays, diagnostic casts, active treatment and retention appliance. Payments for comprehensive full-banded orthodontic treatments are made in installments.

COVERED CHARGES. Covered Charges will be the actual cost charged for the treatment or service for a dental condition, but not more than the Reasonable Charge or Customary Charge.

If it is determined that more than one procedure could be performed to correct a dental condition, Covered Charges will be limited to the least expensive of the procedures that would provide professionally acceptable results.
BEGINNING DATE FOR TREATMENT OR SERVICE. Treatment or service will be considered to begin:
1) For root canal therapy, on the date pulp chamber is opened and the pulp canal explored to the apex;
2) For crowns, fixed bridgework, inlays or onlays restoration, on the date the tooth or teeth are fully prepared;
3) For full or partial dentures, on the date the master impression is made; or
4) For all other services, on the date the treatment or service is performed.

LIMITATIONS AND EXCLUSIONS. Dental benefits will not be paid for:
1) Any part of a charge for treatment or service that exceeds the Reasonable Charge or Customary Charge;
2) The services of any person who is not a Dentist or a licensed Dental Hygienist under the supervision of a Dentist;
3) The services of any person who is an immediate family member of a Covered Person;
4) Personalization of dentures or crowns or for any other treatment that is primarily cosmetic and any procedure that does not have uniform professional endorsement;
5) Implants;
6) Drugs, except for antibiotic injections;
7) Instructions for plaque control, oral hygiene, or diet;
8) Treatment or service to alter vertical dimension or restore occlusion or to duplicate a lost or stolen prosthetic device;
9) Treatment or service for which the Covered Person has no financial liability or that would be provided at no charge in the absence of coverage or that is paid for or furnished by the United States government or one of its agencies;
10) Treatment or service that results from war or act of war or from voluntary participation in criminal activities; or
11) Treatment or service that is covered by a workers' compensation or occupational disease or similar law.

PRE-TREATMENT DETERMINATION. A Dental Treatment Plan should be filed with the Administrative Service Agent before treatment begins when charges for a Period of Dental Treatment (other than emergency treatment) are expected to exceed $200.

THE COVERED PERSON MAY RECEIVE SERVICES FROM ANY LICENSED DENTAL CARE PRACTITIONER.
DEFINITIONS

As used in this Plan, the following words and phrases shall have the meanings indicated:

**ACCIDENT** means an incident resulting in Injury that occurs from external forces under unexpected circumstances, and which is in no way the fault of the victim. Injuries to teeth resulting from chewing or biting; as well as sprains and strains resulting from overexertion, excessive use, or overstretching will not be considered Accidental Injuries for purposes of medical benefit determination.

**ADMINISTRATIVE SERVICE AGENT** means the firm providing administrative services to the Plan Administrator in connection with the operation of the Plan, such as maintaining current eligibility data, billing, processing and payment of Claims and providing the Plan Administrator with any other information deemed necessary. Group Resources is the Administrative Services Agent for the Plan.

**ANNUAL LIMIT ON ESSENTIAL HEALTH BENEFITS** means the maximum amount that can be paid on behalf of a Covered Person during the period of time beginning on January 1 and ending on December 31 of the same year.

**APPROVED CLINICAL TRIAL** is defined in the statute as a phase i, phase ii, phase iii, or phase iv clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is one of the following:
1) a federally funded or approved trial;
2) a clinical trial conducted under an FDA investigational new drug application; or
3) a drug trial that is exempt from the requirement of an FDA investigational new drug application.

**CALENDAR YEAR** means each period of time beginning on January 1 and ending on December 31 of the same year.

**COINSURANCE** means the percentage of an eligible charge that is paid by the Plan on behalf of the Covered Person.

**COMPANY** means Clark Atlanta University or any affiliate which is participating in the Plan with the permission of Clark Atlanta University.

**COPAY** means the amount which is required to be paid to a Provider by a Covered Person at the time of service.

**COSMETIC TREATMENT** means treatment performed for the purpose of improving appearance rather than for restoring bodily function.

**COVERED PERSON** means an Employee or a Dependent for whom the coverage provided by this Plan is in effect. A Covered Person may be covered under this Plan as an Employee or as a Dependent, but not both at the same time.
CUSTOMARY CHARGE means a charge for medical services, care, or supplies that does not exceed the common level of charges made by other medical professionals with similar credentials, or health care facilities, pharmacies, or equipment suppliers of similar standing, which are located in the same geographic locale in which the charge is incurred.

The term “Customary” refers to the form and substance of a service, supply, or treatment provided in accordance with generally accepted standards of medical practice to one individual, which is appropriate for the care or treatment of a similarly situated person who receives such services or supplies within the same geographic locale.

The term “same geographic locale” means a city, county, or such greater area as may be necessary to establish a representative cross section of persons or organizations regularly furnishing the type of treatment, services, or supplies for which a specific charge is made.

The term “Customary” does not necessarily mean the actual charge made or the specific service or supply furnished to a Plan Participant by a provider of services or supplies, such as a physician, therapist, nurse, or hospital. The Plan will determine what the usual charge is, for any procedure, service, or supply, and whether a specific procedure, service, or supply is customary.

Customary Charges may alternatively be determined and established by the Plan using normative data such as Medicare cost to charge ratios, average wholesale price (AWP) for prescriptions, and/or manufacturer’s retail pricing (MRP) for supplies and devices.

DEDUCTIBLE means the amount of eligible charges that a Covered Person must incur before benefits will be payable, as listed in “MEDICAL BENEFITS” and “DENTAL BENEFITS.” The Covered Person must meet a new Deductible each Calendar Year. The Deductible will be applied separately to each Covered Person except when the family Deductible (shown in “MEDICAL BENEFITS” and “DENTAL BENEFITS”) has been met by the family. Once the family Deductible is met, no further Deductible for any Covered Person in that family will be required during that Calendar Year.

DENTAL HYGIENIST means a person who works under the supervision of a Dentist and is licensed to practice dental hygiene.

DENTAL TREATMENT PLAN means the Dentist’s report of proposed treatment which:
1) lists the procedures required for the Period of Dental Treatment; and
2) shows the charges for each procedure; and
3) is accompanied by any diagnostic materials that might be required.

DENTIST means:
1) a person licensed to practice dentistry; and
2) a licensed Physician who provides dental treatment or service.
**Definitions**

**DEPENDENT** means a person who meets one of the following requirements:

1) is the Employee's spouse who resides in the United States (unless the spouse is legally separated or divorced from the Employee); or
2) is the Employee’s:
   a) child less than 26 years of age; or
   b) unmarried child age 26 or older meeting all of the following conditions:
      i) subject to a physical or mental impairment which can be expected to result in death or which has lasted or is expected to last for a continuous period of not less than 12 months; and
      ii) is unable to engage in any substantial gainful activity due to such physical or mental impairment; and
      iii) for whom proof of such physical or mental impairment is submitted to the Plan Administrator within 30 days of the date coverage would have ended as a result of the child’s age.

The term “spouse” refers to an individual of the same or opposite sex, who is lawfully married to the Covered Person under the laws of the state in which the marriage occurred.

The term "child" includes a natural child, an adopted child at time of placement, a child for whom the Employee has been awarded Legal Guardianship by the court, and a stepchild.

The term “child” includes a child of the Covered Person whose coverage is ordered under a qualified medical child support order (QMCSO).

For purposes of continuation coverage pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended, "Dependent" shall also include any child born to or placed for adoption with a Covered Person during the period of continuation coverage.

In the case of an individual whose parents are divorced, the individual shall be considered the “child” of either parent.

The term "Dependent" does not include any person serving in the armed forces of any country; unless such a person is the child of the covered Employee who has not attained age 26. If a husband and wife are both Employees, their children may be considered Dependents of either the husband or wife but not of both.

**DURABLE MEDICAL EQUIPMENT** means equipment which is:

1) able to withstand repeated use;
2) primarily and customarily used to serve a medical purpose; and
3) not generally used by a person in the absence of Illness or Injury.
EMPLOYEE means any person employed on a regular basis by the Company in the conduct of the Company's regular business, who is regularly scheduled to work at least 25 hours per week, and who is classified by the Company, pursuant to its regular administrative practices, as a common law Employee, excluding any person who (a) is a leased Employee under Code Section 414 (n) or (b) is covered under a collective bargaining agreement which is the subject of good faith bargaining, unless the agreement provides for participation in the Plan. The term "Employee" shall exclude any individual classified by the Company, in its sole discretion, in a designation which would exclude the person from being considered as an Employee under the Company's customary worker classification procedures, regardless of whether such classification is in error.

ESSENTIAL HEALTH BENEFITS includes, in addition to any other services that are required to be treated as “Essential Health Benefits” under the Patient Protection and Affordable Care Act of 2010, the following general categories and items and services covered within the categories: ambulatory patient services, emergency services, hospitalizations, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

HOME HEALTH CARE means the following services and supplies furnished in the home by a Home Health Care agency in accordance with a Home Health Care plan, provided that the Physician certifies that Hospital confinement would otherwise be required:
1) part-time or intermittent nursing care by a Registered Nurse (R.N.), or Licensed Practical Nurse (L.P.N.) under the supervision of a Registered Nurse (R.N.);
2) Occupational Therapy, Speech Therapy and Physical Therapy which are provided by a Home Health Care Agency; and
3) medical supplies and medications prescribed by a Physician and laboratory services of a Hospital if such items would have been covered while confined in a Hospital.

Home Health Care is provided to a Covered Person in accordance with a Home Health Care plan only if:
1) the Covered Person was confined in a Hospital for at least three consecutive days and the Home Health Care begins within 14 days following this period of Hospital confinement; and
2) the Home Health Care is given for the same or related condition for which the Covered Person was hospitalized.

The term "Home Health Care" does not include:
1) services or supplies not included in the Home Health Care plan;
2) services of a person who ordinarily resides in a Covered Person's home or is a member of the Covered Person's family or the Covered Person's spouse's family;
3) custodial care consisting of services and supplies which are provided to the Covered Person primarily to assist in the activities of daily living;
4) care received in any period during which the Covered Person is not under the continuing care of a Physician; or
5) transportation.
**Definitions**

**HOSPICE** means a public agency or private organization which meets all of the following requirements:
1) is primarily engaged in providing care to terminally ill patients;
2) provides 24-hour care to control the symptoms associated with terminal illness;
3) has on its staff an interdisciplinary team which includes at least one Physician, one Registered Nurse (R.N.), one social worker and one counselor;
4) is a licensed organization whose standards of care meet those of the National Hospice Organization;
5) maintains central clinical records on all patients;
6) provides appropriate methods of dispensing drugs and medicines; and
7) offers a coordinated program of home care and Inpatient care for the terminally ill patient and the patient's family.

The term "Hospice" does not include an organization or part thereof which is primarily engaged in providing:
1) custodial care;
2) care for drug addicts and alcoholics; or
3) domestic services.

The term "Hospice" does not include an organization or part thereof which is primarily:
1) a place of rest;
2) a place for the aged; or
3) a hotel or similar institution.

**HOSPITAL** means a place which meets all of the following requirements:
1) is accredited as a general Hospital by the Joint Commission on Accreditation of Hospitals;
2) is open at all times;
3) is operated chiefly for the treatment of sick or injured persons as Inpatients;
4) has a staff of one or more Physicians available at all times;
5) provides 24 hour nursing services by Registered Nurses (R.N.s); and
6) includes areas designed for diagnosis and major Surgical Procedures.

The term “Hospital” also includes:
1) a facility operating legally as a mental health Hospital or residential treatment facility for mental health and licensed as such by the state in which the facility operates; and
2) a facility operating primarily for the treatment of Substance Abuse/Substance Dependence if it meets these tests:
   a) maintains permanent and full-time facilities for bed care and full-time confinement of at least 15 resident patients;
   b) has a Physician in regular attendance;
   c) continuously provides 24-hour a day nursing service by a registered nurse (R.N.);
   d) has a full-time psychiatrist or psychologist on the staff; and
   e) is primarily engaged in providing diagnostic and therapeutic services and facilities for treatment of Substance Abuse/Substance Dependence.
Definitions

The term "Hospital" does not include a convalescent facility, nursing home, rest home, Skilled Nursing Facility or a facility chiefly operated for treatment of the aged.

**ILLNESS** means a disorder of the body or mind, a disease, or pregnancy. All Illnesses which are due to the same cause or to a related cause or causes will be deemed to be one Illness.

**INjured** means a covered expense is Incurred on the date the service is rendered or the supply is obtained. With respect to a course of treatment or procedure which includes several steps or phases of treatment, covered expenses are Incurred for the various steps or phases as the services related to each step are rendered and not when services relating to the initial step or phase are rendered. More specifically, covered expenses for the entire procedure or course of treatment are not Incurred upon commencement of the first stage of the procedure or course of treatment.

**INJURY** means bodily Injury caused by an Accident and which results directly from the Accident and independently of all other causes.

**INPATIENT** means an individual confined as a registered bed patient in a Hospital, Skilled Nursing Facility or Hospice.

**LEGAL GUARDIAN** means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of a minor child.

**MAXIMUM BENEFIT** means the maximum amount payable for the period indicated for a Covered Person for all eligible charges incurred while covered under the Plan.

**MEDICAL EMERGENCY** means a sudden and unexpected onset of a medical condition requiring medical care which the patient secures immediately after the onset and, as a general rule, is a condition which would be life threatening or would cause serious impairment if immediate care were not received.

**MEDICALLY NECESSARY** means health care services, supplies, or treatments which are for the purpose of evaluation, diagnosis, or treatment of the Covered Person’s Illness or Injury and are:
1) recommended, approved, or ordered by a Physician or Dentist exercising prudent clinical judgment, and clinically appropriate in terms of type, frequency, extent, site, and duration for the diagnosis or treatment of the Covered Person’s Illness or Injury;
2) consistent with the patient's condition or accepted standards of good medical and dental practice;
3) not performed for the convenience of the patient or the Provider of medical and dental services;
4) no more costly than alternative interventions, and at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the Covered Person’s Illness or Injury without adversely affected the Covered Person’s medical conditions;
5) not conducted for research purposes; and
6) the most appropriate setting and level of services which can be safely provided to the Covered Person, considering the Covered Person’s medical symptoms and conditions.
Definitions

All of these criteria must be met. Merely because a Physician or Dentist recommends, approves, or orders certain care does not mean that it is Medically Necessary. The determination of whether a service, supply, or treatment is or is not Medically Necessary may include findings of the American Medical Association and the Plan Administrator's own medical advisors. The Plan Administrator has final discretionary authority to decide whether care or treatment is Medically Necessary.

In addition, with respect to Mental or Nervous Disorders, Substance Abuse, and Substance Dependence, to be considered “Medically Necessary,” the treatment, services, and/or supplies must not be (a) maintenance therapy or maintenance treatment, or (b) a listed item or treatment not allowed for reimbursement by CMS (Medicare).

The Plan reserves the right to incorporate CMS (Medicare) guidelines in effect on the date of treatment as additional criteria for determination of Medical Necessity.

MENTAL OR NERVOUS DISORDER: To be a Mental Disorder or Nervous Disorder, the disease or condition, regardless of whether the cause is organic, must be classified as a Mental or Nervous Disorder in the current edition of International Classification of Diseases, published by the U.S. Department of Health and Human Services or is listed in the current edition of Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association. Mental or Nervous Disorder does not include Substance Abuse or Substance Dependence or any condition resulting therefrom.

MINUTE-CLINIC means a retail healthcare Provider offering diagnosis and treatment for common family ailments, including but not limited to, strep throat, pink eye, earaches, and sinus infections; and offering many common vaccinations, including flu shots (i.e., “Take Care” and other clinics offered by Wal-Mart, Walgreens, CVS, and HEB).

MORBID OBESITY means a diagnosed condition in which the body weight exceeds the medically recommended weight by either 100 pounds or is twice the medically recommended weight in the most recent Metropolitan Life Insurance Co. tables (or similar actuarial tables) for a person of the same height, age and mobility as the Covered Person.

OCCUPATIONAL THERAPY means a program of care which focuses on the physical, cognitive and perceptual disabilities that influence the patient’s ability to perform functional tasks. The therapist evaluates the patient’s ability to use his fingers and hands, (fine motor skills), perceptual skills, cognitive functioning and eye-hand coordination. Therapy sessions may also involve physical movement exercises. Functional tasks also may be used. The therapist may also perform splinting of the patient’s arms or hands and may provide the patient with special equipment.

OUT-OF-POCKET MAXIMUM means the maximum amount that a covered Employee or Dependent will have to pay for covered expenses under the Plan. This does not include non-covered items and penalties.
OUTPATIENT means an individual receiving medical services, but not confined as a registered bed patient in a Hospital, Skilled Nursing Facility, or Hospice.

OUTPATIENT SURGICAL CENTER means any public or private establishment which:
1) has a staff of Physicians;
2) has permanent facilities that are equipped and operated primarily for the purpose of performing Surgical Procedures; and
3) provides continuous Physician and nursing services while patients are in the facility.

PERIOD OF DENTAL TREATMENT means all sessions of dental care that result from the same initial diagnosis and any related complications.

PHYSICAL THERAPY means a plan of care provided to return a patient to the highest level of motor functioning possible. The physical therapist extensively evaluates the patient’s muscle tone, movement, balance, endurance, ability to ambulate, ability to plan motor movements, strength and coordination. If the patient requires special equipment (such as a wheelchair, walker or splint), the therapist evaluates the patient’s ability to use the equipment and determines the correct size and type of equipment for the specific patient. The therapist constructs a program of exercises and movements to maximize the patient’s motor skills.

PHYSICIAN means a Doctor of Medicine (M.D.), a Doctor of Osteopathy (D.O.), a Doctor of Dental Surgery (D.D.S.) or Doctor of Medical Dentistry (D.M.D.), a Doctor of Podiatry (D.P.M.), a Doctor of Chiropractic (D.C.), an Audiologist, a Certified Registered Nurse Anesthetist (C.R.N.A.), a Licensed Physical Therapist (L.P.T.), a Midwife, an Occupational Therapist, an Optometrist (O.D.), a Physiotherapist, a Psychiatrist, a Psychologist (Ph.D.), a Speech and Language Pathologist, a Licensed Clinical Social Worker (L.C.S.W.), a Master of Social Work (M.S.W.), a Licensed Professional Counselor (L.P.C.), and any other practitioner of the healing arts who is licensed and regulated by a state or federal agency, and who is acting within the scope of his or her license, to the extent that his or her services are covered under this Plan.

The term "Physician" does not include a person who:
1) is the Covered Person receiving treatment; or
2) is a relative by blood or marriage of the Covered Person receiving treatment.

PRE-ADMISSION TESTING means x-ray and laboratory examinations which:
1) are performed on an Outpatient basis;
2) are performed within seven days of a scheduled surgery which is performed within 48 hours following the Covered Person's admission to the Hospital; and
3) are related to the Illness or Injury that caused Hospital confinement or the need for surgery.

PREFERRED PROVIDER ORGANIZATION (PPO) means the Plan has retained the services of a Preferred Provider Organization in order to provide quality medical care to participants who are within the PPO's area of operation, at lower cost to both the Plan and participants. PPOs vary among the type of services to be provided. Utilization of PPO network Providers will usually result in an increase in the amount of benefits paid on eligible expenses.
A list of the Providers included in the PPO will be furnished automatically, without charge, and is also available on the internet at www.multiplan.com.

**PROVIDER** means a Hospital, Physician, or any other person, company, or institution furnishing to a Covered Person an item of service or supply listed as a covered expense in the Plan.

**REASONABLE CHARGE** means fee(s) for services or supplies which are Medically Necessary for the care and treatment of Illness or Injury not caused by the treating provider. When more than one treatment option is available, and one option is no more effective than another, the least costly option that is no less effective than any other option will be considered the “Reasonable Charge” for the treatment. The determination of whether a charge is a Reasonable Charge will consider, but will not be limited to, the findings and assessments of the following entities: (a) The National Medical Associations, Societies, and organizations; and (b) The Food and Drug Administration. To be reasonable, fee(s) must be in compliance with generally accepted billing practices for unbundling or multiple procedures. Services, supplies, care and/or treatment that result from errors in medical care that are clearly identifiable, preventable, and serious in their consequence for patients, are not reasonable.

**ROOM AND BOARD** means the Hospital’s charge for:
1) room and linen service;
2) dietary service, including meals, special diets, and nourishments; and
3) general nursing service.

**SKILLED NURSING CARE** means those charges incurred for:
1) visiting nurse care by an R.N. or L.P.N. The term "visiting nursing care" means a visit of not more than two hours for the purposes of performing specific Skilled Nursing tasks; and
2) private duty nursing by an R.N. or L.P.N. if the patient condition requires Skilled Nursing services and visiting nurse care is not adequate.

The term "Skilled Nursing Care" does not include:
1) that part or all of any nursing care that does not require the skills of an R.N.; or
2) any nursing care given while the person is an Inpatient in a health care facility that could safely and adequately be furnished by the facility’s general nursing staff if it were fully staffed.

**SKILLED NURSING FACILITY** means a place, or a distinct part of a place, which meets all of the following criteria:
1) is licensed according to state or local laws;
2) provides as its chief purpose Skilled Nursing treatment to patients who are recovering from an Illness or Injury;
3) includes areas for medical treatment;
4) provides 24-hour-a-day nursing services under the full-time supervision of a Physician or a Registered Nurse (R.N.);
5) maintains daily health records for each patient;
6) has an agreement which provides for the services of a Physician;
7) has a suitable method for providing drugs and medicines to patients;
8) has an arrangement with one or more Hospitals for the transfer of patients;
9) has an effective utilization review plan;
10) develops functions with the advice and review of a skilled group which includes at least one Physician; and
11) is not solely a place for:
   a) rest, rehabilitation or custodial care;
   b) the aged;
   c) the treatment of drug addiction or Substance Abuse/Substance Dependence;
   d) the treatment of alcoholism; or
   e) those who are mentally disabled or who have mental disorders.

**SOUND NATURAL TEETH** means teeth that are free of active or chronic clinical decay, have at least 50% bony support, are functional in the arch, and have not been excessively weakened by multiple dental procedures.

**SPEECH THERAPY** means a program of care which evaluates the patient’s motor-speech skills, expressive and receptive language skills, writing and reading skills and determines if the patient requires an extensive hearing evaluation by an audiologist. The therapist also evaluates the patient’s cognitive functioning, as well as his social interaction skills such as the ability to maintain eye contact and initiate conversation.

**SUBSTANCE ABUSE** means the excessive use of a substance, especially alcohol or a drug. The DSM-IV definition is applied as follows:
1) an inappropriate pattern of substance use leading to clinically significant impairment or distress, as manifested by one (or more) of the following, occurring within a 12-month period:
   a) recurrent substance use resulting in a failure to fulfill major role obligations at work, school or home (e.g., repeated absences or poor work performance related to substance use; substance-related absences, suspensions or expulsions from school; neglect of children or household);
   b) recurrent substance use in situations in which it is physically hazardous (e.g., driving an automobile or operating a machine when impaired by substance use);
   c) recurrent substance-related legal problems (e.g., arrests for substance-related disorderly conduct);
   d) continued substance use despite having persistent or recurrent social or interpersonal problems caused or exacerbated by the effects of the substance (e.g., arguments with spouse about consequences of intoxication, physical fights);
2) the symptoms have never met the criteria for Substance Dependence for the class of substance.

**SUBSTANCE DEPENDENCE** means substance use history which includes the following: (1) Substance Abuse; (2) continuation of use despite related problems; (3) development of tolerance (more of the drug is needed to achieve the same effect); and (4) withdrawal symptoms.

**SURGICAL PROCEDURE** includes, but is not limited to, incision and excision, sutures, debridement of tissue, correcting a fracture, reducing a dislocation, manipulating a joint under general anesthesia, electocauterizing, paracentesis, applying plaster casts, endoscopy, injecting sclerosing solution, arthroscopic procedures, lithotripsy, catheterization, and injections into a joint.
Definitions

**TOTAL DISABILITY** or **TOTALLY DISABLED** means an Injury or Illness which:

1) with respect to an Employee, prevents the Employee from performing the main duties of the Employee's occupation with the Company; and

2) with respect to a Dependent, prevents the Dependent from performing the normal activities of a healthy person of the same age and gender.
WHEN COVERAGE BEGINS

Benefits for a Covered Person are determined by the Covered Person's eligibility classification and by the terms of this Plan. Any change in benefits as a result of a change in the classification will be effective on the date the change in class occurs.

A Covered Person will not receive benefits:
1) for which such person is not eligible; or
2) in excess of the maximum amount provided under any benefit for which the person is covered.

ELIGIBILITY CLASSIFICATION - DESCRIPTION OF ELIGIBLE CLASSES:

All Employees in an eligible class.

No benefits are provided for retired Employees or their Dependents.

REQUIRED EMPLOYEE CONTRIBUTIONS:

Employees do contribute toward the cost of Employee and Dependent Coverage.

The amount that Employees contribute is calculated by the Plan Administrator and is a portion of the cost of coverage under the Plan.

ELIGIBILITY FOR EMPLOYEE COVERAGE. An Employee becomes eligible for coverage provided by this Plan on the later of:
1) the effective date of the Plan; or
2) the first day following completion of a 30 day waiting period.

For any Late Enrollee, any period before the Late Enrollee's enrollment in the Plan is not a waiting period.

OPEN ENROLLMENT means the period from December 1 through December 31 during which individuals who are currently enrolled or eligible to enroll in this Plan or any other healthcare plan sponsored by the Company may make changes to their coverage. Coverage under any newly elected option will take effect on January 1 provided the individual is in full-time service on that date, and the enrollment requirements of this Plan have been met. If an Employee does not complete and return a new election form prior to January 1 of each year, the previous year’s coverage will remain in effect.

Benefit choices made during the Open Enrollment period will remain in effect until the first day of the following fiscal year of the Plan unless a Covered Person experiences an event that qualifies as a Special Enrollment under the provisions of HIPAA or an event that allows the Covered Person to change their election under a Section 125 (or “cafeteria”) plan. See “Pre-Tax Premium Payment” below for additional information.
SPECIAL ENROLLMENT RIGHTS. If an Employee declines enrollment for himself or his Dependents (including spouse) because of other health insurance or group health plan coverage, the Employee may in the future be able to enroll himself or his Dependents in this Plan if the Employee or his Dependents lose eligibility for that other coverage (or if an employer stops contributing towards the Employee’s or his Dependent’s other coverage), provided that the Employee requests enrollment within 30 days after the other coverage ends (or within 30 days after an employer stops contributing towards the other coverage). In addition, if the Employee has a new Dependent as a result of marriage, birth, adoption, or placement for adoption, the Employee may be able to enroll himself and his Dependents, provided that the Employee requests enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. The subsection entitled "SPECIAL ENROLLMENT PERIOD" below describes the procedures for Special Enrollment.

SPECIAL ENROLLMENT PERIOD. Notwithstanding any other provisions in the Plan to the contrary, Employees and their Dependents shall be eligible to enroll in the Plan upon the occurrence of one of the following:

1) the Employee or Dependent loses other health coverage and meets the following conditions:
   a) the individual had other health coverage at the time he became eligible for the Plan;
   b) the Employee stated in writing that he was declining to enroll himself and/or his Dependents in the Plan because of the other coverage;
   c) coverage being lost was (i) COBRA coverage that was exhausted, (ii) other coverage for which the individual is no longer eligible (for example, by reason of legal separation, divorce, death, termination of employment, reduction in the number of hours of employment, or incurring a claim that would meet or exceed a lifetime limit on all benefits under the other coverage), or (iii) provided by another employer which ceased to pay for it. (However, loss of coverage due to a failure to pay premiums will not trigger a Special Enrollment period; nor will loss of coverage for cause [such as making a fraudulent claim or an intentional misrepresentation] trigger a Special Enrollment period); and
   d) the individual makes a request for enrollment under the Plan within 30 days after losing the other coverage.

If an Employee fails to provide the written statement required under b) above, the Plan may not provide special enrollment to the Employee or any of his Dependents.

2) the Employee marries, has a child, adopts a child, or has a child placed for adoption, and makes a request for enrollment under the Plan within 30 days of such event.

3) the Employee or Dependent loses coverage under Medicaid or Children’s Health Insurance Coverage (CHIP) due to loss of eligibility for Medicaid or CHIP, and makes a request for enrollment under the Plan within 60 days of the loss of coverage.

4) the Employee or Dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP, and makes a request for enrollment under the Plan within 60 days of such event.

EFFECTIVE DATE FOR EMPLOYEE COVERAGE. Except as stated in "Delayed Effective Date for Employee Coverage" below, coverage for an Employee becomes effective as follows:

1) for a Special Enrollment:
   a) in the case of a loss of coverage or marriage, the date which is the first day of the first calendar month beginning after the request for enrollment is received by the Plan Administrator, provided that special enrollment is timely requested;
When Coverage Begins

b) in the case of a Dependent's birth, adoption, or placement for adoption, the date of the birth, adoption, or placement for adoption, respectively, provided that special enrollment is timely requested;

c) in the case of the Employee’s or Dependent’s loss of coverage under Medicaid or CHIP due to loss of eligibility for Medicaid or CHIP or the Employee’s or Dependent’s eligibility for a premium assistance subsidy under CHIP, the date which is the first day of the first calendar month beginning after the request for enrollment is received by the Plan Administrator, provided that special enrollment is timely requested; and

2) for all other enrollments, the date which is the later of:
   a) the date the Employee becomes eligible for coverage; or
   b) the date the Employee makes written application and written election to pay for coverage provided said application is made within 30 days of the eligibility date.

DELAYED EFFECTIVE DATE FOR EMPLOYEE COVERAGE. If an Employee fails to make written application for coverage within 30 days of his initial eligibility under the Plan (or, fails to request enrollment within 30 days of the occurrence of an event which would entitled him to Special Enrollment, if applicable), he shall be deemed a "Late Enrollee" and he may not apply for coverage until the earlier of (1) the next Open Enrollment period, or (2) a Special Enrollment period.

EMPLOYEES ON MILITARY LEAVE. Employees going into or returning from military services will have Plan rights mandated by the Uniformed Services Employment and Reemployment Rights Act. These rights include up to 24 months of extended health care coverage. In cases where leave is for more than 31 days, the Employee cannot be required to pay any more than 102 percent of the full premium. If the Employee performs services for less than 31 days, he or she cannot be required to pay more than the normal Employee share for such coverage. Regardless of whether extended health care coverage is elected or declined, the Employee is entitled to immediate coverage under the Plan, upon return from service. These rights apply only to Employees and their Dependents covered under the Plan before leaving for military service. Plan exclusions and waiting periods may be imposed for an Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, military service.

ELIGIBILITY FOR DEPENDENT COVERAGE. An Employee becomes eligible for Dependent Coverage on the later of:
1) the date the Employee becomes eligible for coverage; or
2) the date the Employee first acquires a Dependent.

EFFECTIVE DATE FOR DEPENDENT COVERAGE. Except as stated in "Delayed Effective Date for Dependent Coverage" below, coverage for a Dependent becomes effective as follows:
1) for a Special Enrollment:
   a) in the case of a loss of coverage or marriage, the date which is the first day of the first calendar month beginning after the request for enrollment is received by the Plan Administrator, provided that special enrollment is timely requested;
When Coverage Begins

b) in the case of a Dependent's birth, adoption, or placement for adoption, the date of the birth, adoption, or placement for adoption, respectively, provided that special enrollment is timely requested;

c) in the case of the Employee’s or Dependent’s loss of coverage under Medicaid or CHIP due to loss of eligibility for Medicaid or CHIP or the Employee’s or Dependent’s eligibility for a premium assistance subsidy under CHIP, the date which is the first day of the first calendar month beginning after the request for enrollment is received by the Plan Administrator, provided that special enrollment is timely requested; and

2) for all other enrollments, the date which is the later of:
   a) the date the Employee becomes eligible for Dependent coverage; or
   b) the date the Employee makes written application and written election to pay for Dependent coverage, provided said application is made within 30 days of the eligibility date.

DELAYED EFFECTIVE DATE FOR DEPENDENT COVERAGE. If an Employee fails to make written application for coverage of the Dependent when the Dependent first becomes eligible (or during a Special Enrollment period, if applicable), the Dependent shall be deemed a "Late Enrollee" and the Employee may not apply for coverage for the Dependent until the earlier of (1) the next Open Enrollment period or (2) a Special Enrollment period.

NEWBORNS. The Employee’s newborn child will be covered from the date of birth only if the newborn is properly enrolled as outlined under “Special Enrollment Period.” If the enrollment for a newborn is not requested within 30 days of the date of birth, the newborn cannot be enrolled until (1) the next Open Enrollment period or (2) a Special Enrollment period. A newborn child is covered separately and must meet its own Deductible and Out-of-Pocket.

NO MULTIPLE STATUS. You may not have multiple status under the Plan (i.e., you may not receive benefits under this Plan as both an Employee and as a Dependent).

PRE-TAX PREMIUM PAYMENT. Your portion of your health care premium will be paid with pre-tax dollars. With this feature, your portion of the premium for the coverage(s) you have elected is subtracted from your gross pay before taxes are determined. By doing this, your taxable pay is reduced so you pay less in taxes. Once you have made your elections for coverage for yourself and your Dependents, you cannot change them during the Plan Year unless you experience a change in status such as:

1) marriage or divorce;
2) birth or adoption of a child, change in child custody, or the addition of stepchildren;
3) death of a Dependent;
4) a child reaching the disqualifying age for coverage;
5) any significant change in health care coverage for you or your spouse due to your spouse’s employment;
6) commencement of employment by your spouse;
7) you or your spouse switching from part-time to full-time employment or vice versa;
When Coverage Begins

8) the beginning or end of your spouse’s employer-provided insurance coverage because of a change in employment status; or

9) a change in your employment status that affects benefit eligibility.

Any change in your coverage election under the Plan must be consistent with the change in status.
WHEN COVERAGE ENDS

EMPLOYEE COVERAGE. An Employee's coverage will terminate on the earliest of:

1) the date this Plan is terminated;
2) the end of the period for which the last required Employee contribution for the Employee's coverage has been paid; or
3) the date the covered Employee ceases to be in a class eligible for coverage under the Plan.

Ceasing active work is deemed termination of employment unless:

1) the covered Employee is disabled due to Illness or Injury. In that event, coverage may be continued up to 12 months during the disability provided required Employee contributions, if any, are made by such covered Employee;
2) cessation of work is due to an approved leave of absence. In that event, coverage may be continued for up to 12 weeks, in compliance with the Family and Medical Leave Act of 1993. Required contributions, if any, must be made by the covered Employee in accordance with the agreement reached between the Employee and Employer prior to the leave of absence becoming effective; or
3) the covered faculty member is on an approved leave or sabbatical. In that event, coverage may be continued for up to 12 months.

A covered Employee's coverage for any specific benefit will terminate on the earlier of:

1) the date coverage under the Plan for such benefit ends; or
2) the date the covered Employee ceases to be eligible for that benefit.

Coverage under this Plan will be terminated immediately upon finding that Covered Person has committed, participated in, or is participating in the commission of, fraud against the Plan. Fraud against the Plan includes, but is not limited to:

1) a Covered Person furnishing or participating in furnishing fraudulent information to the Plan for the purpose of obtaining benefits under the Plan (i.e., false health-related treatment claims);
2) permitting improper use of his or her identification card;
3) use of another Covered Person’s Plan identification card; or
4) prescription forgery, falsification, or transfer of medication.

DEPENDENT COVERAGE. Dependent coverage will cease for any Dependent on the earliest of:

1) the date the covered Employee's coverage terminates;
2) the date this Plan is terminated;
3) the date Dependent coverage is discontinued under this Plan;
4) the date the covered Employee ceases to be in a class eligible for Dependent coverage;
5) the end of the period for which the last required Employee contribution for Dependent coverage has been paid;
6) the date the covered Employee no longer has any Dependents; or
7) the date the individual ceases to qualify as a Dependent under this Plan.
LIMITED CONTINUATION OF COVERAGE. As described below, and in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), Covered Persons may be able to continue their coverage under this Plan in certain limited circumstances. A Covered Person may elect to continue coverage under this Plan for up to 18 months if his coverage terminates because:

1) the covered Employee's employment is terminated (for reasons other than gross misconduct); or
2) the covered Employee's number of hours of employment is reduced such that he is no longer eligible for coverage under this Plan.

The 18 months of continuation coverage may be extended in two situations: (1) if a Covered Person is determined to be disabled, or (2) another event occurs which would cause a covered Employee’s covered Dependent to lose coverage, provided certain notices are timely provided to the Plan Administrator. See the paragraphs below titled “Notice: Disability Extension” and “Notice: Second Qualifying Events.”

A covered Dependent may elect to continue coverage under this Plan for up to 36 months, if such Dependent’s coverage terminates because:

1) the covered Employee dies;
2) the covered Employee is divorced or legally separated;
3) the covered Employee becomes entitled to Medicare benefits under Title XVIII of the Social Security Act;
4) a child covered under the Plan ceases to be a Dependent.

Notwithstanding the foregoing:

• If the covered Employee has a nonforfeitable right to a benefit any portion of which is to be paid by the Pension Benefit Guarantee Corporation as of the date of his or her termination of employment (other than for gross misconduct) or reduction in hours of employment, coverage may be continued until the covered Employee’s death, or, in the case of his or her covered Dependents, for 24 months after the covered Employee’s date of death; provided, in no event will coverage be continued under this provision later than December 31, 2013 or any later date as required under applicable law.

• If a covered Employee is a TAA-eligible individual as of the date his continuation coverage would otherwise terminate, coverage may be continued until the date the covered Employee ceases to be a TAA-eligible individual; provided, however, that in no event will coverage be continued under this provision beyond December 31, 2013, or any later date as required under applicable law.

NOTICE: GENERAL. Covered Person’s Responsibility. A Covered Person must notify the Plan Administrator of a divorce or legal separation or when a child ceases to be a Dependent within 60 days of such event. Failure to do so will result in the loss of coverage under this Limited Continuation of Coverage provision. A Covered Person must give this notice prior to the qualifying event or as soon as possible thereafter, and not later than 60 days after the qualifying event occurs. This notice must be provided on the “COBRA Notification Form,” which can be obtained from the Plan Administrator.

The “COBRA Notification Form” must be sent, along with applicable documentation indicated on the form (such as a divorce decree, separation order, death certificate, birth certificate, or other documentation verifying a Dependent child’s age), to the Plan Administrator at the address listed under “PLAN INFORMATION.”
When the Plan Administrator receives this notice, it or its designee will notify the applicable Covered Persons (individually or jointly) of the right to elect COBRA coverage.

If a Covered Person fails to provide the Plan Administrator with timely notice when one of these qualifying events occurs the right to COBRA coverage will be waived. A Covered Person who elects COBRA coverage will have the same annual enrollment rights that apply to active employees.

Company’s Responsibility. For other qualifying events (a covered Employee’s end of employment or reduction of hours of employment, death of a covered Employee, or the covered Employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), the Company will notify the Plan Administrator. When the Plan Administrator receives this notice, it or its designee will notify the applicable Covered Persons (individually or jointly) of the right to elect COBRA coverage.

**NOTICE: DISABILITY EXTENSION.** If a Covered Person is Totally Disabled under the Social Security definition at the time of a reduction in hours or termination of employment, or becomes disabled within 60 days of beginning COBRA coverage, all Covered Persons with respect to the disabled individual may extend the continuation coverage period an additional 11 months for up to a total of 29 months.

To extend coverage beyond the 18-month period, a Covered Person must notify the Plan Administrator of the Social Security Administration’s (“SSA’s”) determination within 60 days after the later of: (1) the date of the SSA’s determination, or (2) the date on which the qualifying event occurs under this Plan, and in all cases before the end of the 18-month period of COBRA coverage. This notice must be provided on the “COBRA Notification Form,” which can be obtained from the Plan Administrator, and must be sent, along with a copy of the SSA’s disability determination, to the Plan Administrator at the address listed under “PLAN INFORMATION.”

If a Covered Person is determined by the SSA to no longer be disabled, the Covered Person must notify the Plan Administrator of that fact within 30 days of the SSA’s determination. This notice must be provided on the “COBRA Notification Form,” which can be obtained from the Plan Administrator, and which must be sent along with a copy of the SSA’s disability determination, to the Plan Administrator at the address listed under “PLAN INFORMATION.”

Upon receipt of this notice, COBRA coverage extended beyond the maximum that would otherwise apply will be terminated on the first day of the month which is 30 days after the determination that the Covered Person is no longer disabled.

**NOTICE: SECOND QUALIFYING EVENTS.** If a covered Dependent experiences another qualifying event while already on COBRA coverage due to the covered Employee’s employment termination or reduction in hours, the covered Dependent may elect to extend the period of COBRA coverage for up to 36 months from the date of the employment termination or reduction in hours.

For example, assume that the covered Employee and his covered Dependents elect COBRA coverage because of the covered Employee’s employment termination.
When Coverage Ends

If the covered Employees dies during the first 18 months of COBRA coverage, the covered Dependents could elect to continue COBRA coverage for up to 36 months from the covered Employee’s date of employment termination.

A Covered Person must notify the Plan Administrator of the second qualifying event within 60 days of the second qualifying event. This notice must be provided on the “COBRA Notification Form,” which can be obtained from the Plan Administrator and must be sent, along with applicable documentation, to the Plan Administrator at the address listed under “PLAN INFORMATION.”

ELECTION. A Covered Person is entitled to an election period of 60 days in which to elect to continue coverage under the Plan. The 60-day election period begins on the date the Covered Person would lose Plan coverage because of one of the events described above, and ends on the later of 60 days following such date or the date the Covered Person is sent a notice about eligibility to elect to continue coverage.

If a Covered Person elects continuation coverage within the 60-day election period, continuation coverage will generally begin on the date regular Plan coverage ceases. If a Covered Person waives continuation coverage, but within the 60-day election period revokes the waiver, continuation coverage will begin on the date the waiver is revoked. A Covered Person may not revoke a waiver after the end of the 60-day election period.

If a Covered Person who is certified as eligible for Trade Adjustment Assistance (“TAA”) elects continuation coverage during the second election period described below, continuation coverage will begin on the first day of the second election period.

If a Covered Person does not choose continuation coverage within the 60-day election period, eligibility for continuation coverage under the Plan ends at the end of that period.

However, if a Covered Person fails to make an election during the 60-day election period, and is certified as TAA-eligible under the Trade Adjustment Assistance Extension Act of 2011, the TAA-eligible Covered Person may elect continuation coverage during the 60-day period that begins on the first day of the month in which the individual is certified to be eligible for TAA benefits, but only if the election is made no later than six months after the date of the TAA-related loss of coverage under the Plan (the “second election period”).

COST OF CONTINUATION COVERAGE. To receive continuation coverage, the Covered Person, or any third party, must pay the required monthly premium plus a two percent administrative charge. If a Covered Person is eligible for an extension of coverage due to disability, then the cost of continuation coverage will be 150 percent of the normal required monthly premium for all months after the 18th month of continuation coverage.

Each monthly premium for continuation coverage is due on the first day of the month for which coverage is being continued. However, the first such monthly premium is not due until 45 days after the date on which the Covered Person initially elects continuation coverage.
When Coverage Ends

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (“PBGC”) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the health Coverage Tax Credit Customer contact center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact/2002act_index.cfm.

BENEFITS UNDER CONTINUATION COVERAGE. If a Covered Person chooses continuation coverage, the coverage is identical to the coverage then being provided under the Plan to similarly situated Employees, their spouses, and their Dependent children who have not experienced a qualifying event. If their coverage changes, continuation coverage will change in the same way.

PAYMENT OF CLAIMS. No claim will be payable under this Limited Continuation of Coverage provision until the Plan Administrator receives the applicable premium.

TERMINATION. A Covered Person's Coverage under this Limited Continuation of Coverage provision will terminate on the earliest of:

1) the date on which the Company ceases to provide a group health plan to any Employee;
2) the date the Covered Person first becomes covered under any other group health plan after electing continuation coverage;
3) the date the Covered Person becomes entitled to Medicare benefits under Title XVIII of the Social Security Act;
4) the date the required monthly premium is due, if the Covered Person fails to make payment within 30 days after the due date; or
5) the end of the applicable continuation coverage period described above.

In no case will coverage extend beyond 36 months from the original qualifying event, even if a second qualifying event occurs during the continuation coverage period.
ELIGIBLE CHARGES

BENEFITS. After a Covered Person has satisfied any applicable Deductible, eligible charges will be paid subject to exclusions, limitations and other terms of the Plan. The amount payable for any eligible charge will generally be equal to the percentage of the lesser of the billed amount, the Reasonable Charge, Customary Charge, or the PPO allowance as described in “MEDICAL BENEFITS.”

MAXIMUM BENEFITS. The benefits paid for a Covered Person's Illnesses and Injuries will not exceed the maximum for a Covered Person shown in “MEDICAL BENEFITS.” Only charges incurred by a Covered Person while covered under this Plan may be considered "eligible charges." An eligible charge is considered to be incurred on the date a service is provided, and not when the Covered Person is formally billed or pays for the service. Other eligible charges are incurred when the purchase is made. Eligible charges are the lesser of the billed amounts, Reasonable Charges, Customary Charges, or the PPO allowances, when charges are incurred for an Illness or Injury for one or more of the following:

1) Room and Board and routine nursing services for each day of confinement in a Hospital;
2) Intensive or cardiac care Room and Board if Medically Necessary;
3) Medical services and supplies furnished by a Hospital;
4) Anesthesitics and their administration by a Physician (see “DEFINITIONS”), including general and local anesthesia for colonoscopies and other endoscopic procedures;
5) Fees of Physicians for medical treatment including, but not limited to, fees for Surgical Procedures;
6) Charges for non-physician assistants at surgery, if the assistant is certified by his or her professional association, licensed with the state where employed, is credentialed by the facility to assist with the procedure, and is performing a service that would otherwise be performed by a Physician, and is performing a procedure which, according to the National Correct Coding Initiative allows an assistant at surgery;
7) Services of a Registered Nurse (R.N.) or Licensed Practical Nurse (L.P.N.) for private duty nursing;
8) Services of a licensed physical therapist or occupational therapist;
9) Speech Therapy administered by a speech therapist, that is expected to restore speech to a person who has lost existing speech function as the result of Illness or Injury, or is the result of congenital birth defects up to age 18;
10) Charges for Outpatient skeletal adjustment, adjunctive therapy, vertebral manipulation, and services for the care or treatment of dislocations or subluxations of the vertebrae;
11) X-rays (other than dental), laboratory tests, and other diagnostic services which:
   a) are performed as a result of definite symptoms of an Illness or Injury; or
   b) reveal the need for medical treatment;
12) X-ray and radiation therapy, chemotherapy, and renal/peritoneal dialysis;
13) Local Medically Necessary professional land ambulance service. A charge for this item will be a covered charge only if the service is to the nearest Hospital or Skilled Nursing Facility where necessary treatment can be provided, but in any event, no more than 50 miles from the place of pickup, unless the Plan Administrator finds a longer trip was Medically Necessary;
14) Medical supplies as follows:
   a) drugs and medicines (including diabetic supplies, oral contraceptives, devices, and injectables):
      i) which are approved by the Food and Drug Administration;
      ii) which require the written prescription of a Physician; and
      iii) which must be dispensed by a licensed pharmacist or Physician;
   b) blood, marrow, or other fluids;
c) artificial limbs and eyes to replace natural limbs and eyes;
d) repair and adjustment of prosthetic devices, when Medically Necessary;
e) contact lenses or lenses for standard glasses only if required promptly after, and because of, cataract surgery;
f) casts, splints, trusses, braces, crutches, and surgical dressings; and
g) rental or purchase, if less expensive, of Hospital-type equipment including, but not limited to wheelchairs, Hospital beds, and oxygen equipment;

15) Charges for services performed in an Outpatient Surgical Center or Minute-Clinic;

16) Charges for each day of confinement in a Skilled Nursing Facility if the confinement:
   a) follows a Hospital confinement for which at least three straight days of Hospital Room and Board charges were included as eligible charges under the Plan;
   b) begins within 14 days after the Covered Person is released from such Hospital confinement;
   c) is for treatment of the same Illness or Injury which resulted in such Hospital confinement; and
   d) is one during which a Physician is present and consults with the Covered Person at least once every seven days;

17) Second surgical opinion;

18) Routine Inpatient newborn care for a newborn child who is either a Covered Person at the time of birth or is enrolled in the Plan within 30 days of his birth. Routine newborn care includes:
   a) Hospital charges for Room and Board, services, and supplies;
   b) charges related to circumcision; and
   c) fees from Physicians for routine Inpatient pediatric care;

19) Hospice care for a Covered Person who is a terminally ill patient and for members of the Covered Person's family who are also Covered Persons under this Plan. A terminally ill patient is someone who has a life expectancy of six months or less as certified in writing by the Physician who is in charge of the Covered Person's care and treatment. Hospice care expenses for a Covered Person will be limited to the following:
   a) Hospice care in a Hospital-based Hospice, an extended care Hospice facility or nursing home Hospice;
   b) care received from an interdisciplinary team of professionals for Hospice and home care;
   c) pre-bereavement counseling; and
   d) post-bereavement counseling during the 12 months following the death of the terminally ill patient, up to a limit of six sessions;

20) Home Health Care provided by a Home Health Care Provider if:
   a) on an intermittent basis, the Covered Person requires nursing services, therapy, or other services provided by a Home Health Care Provider;
   b) the Covered Person is Totally Disabled and is essentially confined to the home;
   c) the Covered Person would otherwise have been confined as an Inpatient in a Hospital or Skilled Nursing Facility;
   d) the Covered Person is examined by the attending Physician at least once every 60 days; and
   e) the plan of treatment including Home Health Care is:
      i) established in writing by the attending Physician prior to the commencement of such treatment; and
      ii) certified by the attending Physician at least once every month;
Eligible Charges

Eligible Home Health Care services will not include:
   a) custodial care;
   b) meals or nutritional services;
   c) housekeeper services;
   d) services or supplies not specified in the Home Health Care plan;
   e) services of a relative of the Covered Person;
   f) services of any social worker;
   g) transportation services;
   h) care for tuberculosis;
   i) care for Substance Abuse/Substance Dependence;
   j) care for the deaf or blind; or
   k) care for senility, mental deficiency, retardation or mental Illness;

21) For Covered Persons undergoing covered mastectomies, and upon consultation with the Covered Person's Physician:
   a) reconstruction of the breast on which the mastectomy has been performed;
   b) surgery or reconstruction of the other breast to produce a symmetrical appearance; and
   c) prostheses and physical complications of all stages of a mastectomy, including lymphedemas;

22) Services related to organ transplants when the Covered Person is the recipient (including charges for the organ procurement to the extent that they are not covered by the donor’s insurance coverage) for the following procedures:
   a) cornea; e) pancreas;
   b) heart; f) liver;
   c) lung; g) kidney; and
   d) heart/lung; h) bone marrow.

See “SPECIAL TRANSPLANT PROGRAM” for guidelines;

23) Charges for Injury to or care of mouth, teeth, gums, and alveolar processes, but only if that care is for treatment of an Accidental Injury to Sound Natural Teeth, including the replacement of such teeth or setting of a jaw fractured or dislocated in an Accident, if received within 12 months after such Accident;

24) Diabetes instruction program provided that the program is designed to teach the Covered Person and family members about the disease process and daily management of diabetic therapy and is supervised by a Physician;

25) Charges for treatment, services, and/or supplies for a Mental or Nervous Disorder, Substance Abuse, or Substance Dependence;

26) Charges for tubal ligation, vasectomy, and abortions;

27) Special immunizations if required due to travel to a foreign country;

28) As required by Section 10103(c) of PPACA, charges incurred for routine patient costs associated with Approved Clinical Trials that meet the following guidelines:
   a) the Approved Clinical Trial is intended to treat a Covered Person who has been diagnosed with cancer or another life-threatening disease or condition;
   b) the Approved Clinical Trial has been peer reviewed and is approved by at least one of the following:
      i) one of the United States National Institutes of Health;
      ii) a cooperative group or center of the National Institutes of Health;
iii) a qualified nongovernmental research entity identified in guidelines issued by the National Institutes of Health for center support grants;
iv) the United States Food and Drug Administration pursuant to an investigational new drug exemption;
v) the United States Department of Defense or Veterans Affairs; or
vi) with respect to phase II, III, and IV Approved Clinical Trials, a qualified institutional review board;
c) the facility and personnel conducting the Approved Clinical Trial is capable of doing so by virtue of their experience and training, and treat a sufficient volume of patients to maintain that expertise;
d) the Covered Person meets the patient selection criteria enunciated in the study protocol for participation;
e) the Covered Person has provided informed consent for participation in a manner that is consistent with current legal and ethical standards;
f) the available clinical or pre-clinical data provide a reasonable expectation that the Covered Person’s participation in the Approved Clinical Trial will provide a medical benefit that is commensurate with the risks of participation in the Approved Clinical Trial;
g) the Approved Clinical Trial does not unjustifiably duplicate existing studies; and
h) the Approved Clinical Trial must have a therapeutic intent and to some extent, must assess the effect of the intervention on the Covered Person.

Patient care services are defined as health care items or services that are furnished to a Covered Person who is enrolled in an Approved Clinical Trial, which are consistent with the Reasonable Charge and Customary Charge standard of care for someone with the Covered Person’s diagnosis, are consistent with the study protocol for the Approved Clinical Trial, and would be covered if the Covered Person did not participate in the Approved Clinical Trial. Patient care services do not include the following:

a) an FDA approved drug or device, which is paid for by the manufacturer, the distributor, or the Provider of the drug or device;
b) non-health care services that a Covered Person may be required to receive as a result of being enrolled in an Approved Clinical Trial;
c) costs associated with managing the research associated with the Approved Clinical Trial;
d) costs for non-investigational treatments;
e) any item, service, or cost that is reimbursed or otherwise furnished by the sponsor of the Approved Clinical Trial; and
f) the costs of services which are not provided as part of the Approved Clinical Trials stated protocol or other similarly, intended guidelines.

A qualified individual is defined as an individual who is enrolled or participating in a health plan or coverage and who is eligible to participate in an Approved Clinical Trial according to the trial protocol with respect to treatment of cancer or another life-threatening disease or condition. To be a qualified individual, there is an additional requirement that a determination be made that the individual’s participation in the Approved Clinical Trial is appropriate to treat the disease or condition. That determination can be made based on the referring health care professional’s conclusion or based on the provision of medical and scientific information by the individual; and

29) Routine services as outlined in “MEDICAL BENEFITS.”
BREAST SURGERY. No benefits will be paid for that portion of breast surgery which involves the implanting or injecting of any substance into the body for restoring breast shape. Charges will, however be covered as part of the treatment plan for a Medically Necessary mastectomy due to Illness, as set forth in "ELIGIBLE CHARGES." Charges related to the removal of a prosthesis due to medical complications will be covered; however no benefits will be allowed for the replacement of a prosthesis which was originally inserted as a part of a voluntary breast augmentation.

COMPLICATIONS OF NON-COVERED TREATMENT. Except for breast surgery as outlined above, no benefits will be paid for care, services, or treatment required as a result of complications from a treatment not covered under this Plan.

COSMETIC TREATMENT. No benefits will be paid for Cosmetic Treatment, except for that which:
1) results from an Illness or Injury and is performed within 24 months of the date of such Illness or Injury; or
2) is indicated because of congenital birth defects.

COURT MANDATED. No benefits will be paid for services that are provided due to a court order except as required in the ERISA Requirements section under “MISCELLANEOUS PLAN PROVISIONS.”

CUSTODIAL CARE. No benefits will be paid for services which are custodial in nature or primarily consist of bathing, feeding, homemaking, moving the patient, giving medication, or acting as a companion or sitter.

DRUGS - POISON. To the extent not prohibited by federal law and regulations issued thereunder, no benefits will be paid for any Illness or Injury to Covered Persons over the age of seven, which is due to:
1) the voluntary and intentional taking of drugs except those taken as prescribed by a Physician;
2) the voluntary and intentional taking of poison; or
3) the voluntary and intentional inhaling of gas.
However, this exclusion shall not apply to Injuries resulting from an act of domestic violence or a medical condition (physical or mental).

DURABLE MEDICAL EQUIPMENT. No benefits will be paid for the purchase of Durable Medical Equipment or supplies which remain with the Provider following the Covered Person’s use thereof.

EDUCATIONAL/RECREATIONAL/BIOFEEDBACK. No benefits will be paid for any services or supplies deemed to be educational in nature, or for any services or supplies related to self-care or self-help training and any related diagnostic training, except educational services as listed in “MEDICAL BENEFITS” under ‘Diabetic Education’ and ‘Wellness Expense’ due to the Patient Protection and Affordable Care Act (PPACA).
Exclusions

EXPERIMENTAL/INVESTIGATIONAL. Except as stated in “ELIGIBLE CHARGES,” no benefits will be paid for any services or supplies which are experimental/investigational in nature. A drug, device, or medical treatment or procedure is experimental/investigational if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished.

FOOT CARE LIMITATION. No benefits are payable for any medical services or supplies furnished for the treatment of (a) weak, strained, flat, unstable or unbalanced feet, metatarsalgia or bunions, or (b) corns, calluses or toenails, except for surgery performed for a condition listed in (a) or removal of nail roots, and treatment of a condition listed in (b) because of any metabolic or peripheral vascular disease.

GOVERNMENT AGENCIES. No benefits will be paid for Hospital confinement, services, treatments or supplies furnished by the United States or a foreign government or any agency of either, unless federal laws dictate that the Plan is primary.

HAZARDOUS ACTIVITY. To the extent not prohibited by federal law and regulations issued thereunder, no benefits will be paid for any Accident or Injury directly or indirectly attributable to participation in hazardous sporting activities including, but not limited to, motorcycle racing, off-road vehicle competitions, hang gliding, parasailing, drag racing, motor cross racing, road racing, and sporting stunts. However, this exclusion shall not apply to Injuries resulting from an act of domestic violence or a medical condition (physical or mental).

HOSPITAL WEEKEND ADMISSIONS. No benefits will be paid for the initial Friday, Saturday, and Sunday Room and Board charges incurred in connection with a Hospital confinement which begins on Friday, Saturday, or Sunday except for emergency Hospital admissions or scheduled surgery within the 24 hours immediately following Hospital admission.

ILLEGAL ACTIVITY. No benefits will be paid for any Illness or Injury which is incurred while taking part in an illegal activity, including but not limited to felonies, misdemeanors, or an attempt to commit a crime, regardless of whether the Covered Person is charged with, or convicted of, such activity.

INDUCEMENT OF PREGNANCY. No benefits will be paid for expenses related to artificial insemination, in vitro fertilization, infertility drugs, or other attempts to induce pregnancy, including drug therapy.

JAW AND JAW JOINTS. No benefits will be paid for treatment of Temporomandibular Joint (TMJ) Syndrome, osteotomy, orthognathic surgery, or maxillo facial or dental facial orthopedics.

LEARNING/BEHAVIOR DISORDERS. No benefits will be paid for special education, treatment, or training for learning or behavior disorders.
LEGAL DUTY. Coverage is provided only for services and supplies for which the Covered Person has a legal duty to pay. No coverage will be provided for any services, supplies, or treatment (1) for which the Covered Person is not legally required to pay, (2) for which no charge would usually be made, (3) for which a charge if made would not usually be collected if no coverage existed, or (4) to the extent the charge for services, supplies, or treatment exceeds the charge that would have been made and collected if no coverage existed.

MATERNITY EXPENSES. No benefits will be paid for pregnancy expenses incurred by a Dependent child.

MEDICALLY NECESSARY. No benefits will be paid for charges which are not Medically Necessary.

OTHER. Benefits will not be paid for charges not listed under “ELIGIBLE CHARGES.”

OUTSIDE THE UNITED STATES. No benefits will be paid for charges incurred outside the United States if the Covered Person traveled to such location for the sole purpose of obtaining medical services, drugs or supplies or to obtain those services, drugs, and supplies that are unavailable or illegal in the United States.

Physician's Direct Care. Benefits will be paid only for eligible charges incurred by a Covered Person under the direct care of a Physician.

PRE-EXISTING CONDITIONS. If charges are incurred as a result of an Illness or Injury which the Plan Administrator finds to be pre-existing, payment for such charges will be limited in accordance with “PRE-EXISTING CONDITIONS.”

REASONABLE AND CUSTOMARY. No benefits will be paid for charges which are more than the Reasonable Charge or Customary Charge.

RELATIVE PERFORMING SERVICE. Benefits will not be paid for charges for the services of a Physician or any other Provider of services:
1) who usually resides in the same household with the Covered Person; or
2) who is related by blood, marriage or legal adoption to the Covered Person or to the Covered Person's spouse.

REVERSAL OF STERILIZATION. No benefits will be paid for the reversal of sterilization.

RIOT – CIVIL DISTURBANCE. No benefits will be paid for any Illness or Injury which is incurred while taking part in a riot or civil disturbance.

SELF-INFLICTED. To the extent not prohibited by federal law and regulations issued thereunder, no benefits will be paid for an Illness or Injury which is intentionally self-induced or self-inflicted. However, this exclusion shall not apply to Injuries resulting from an act of domestic violence or a medical condition (physical or mental).
**SEXUAL DYSFUNCTION.** No benefits will be payable for sex change surgery or any treatment of gender identity disorders, including medications, implants, hormone therapy, surgery, medical or psychiatric treatment.

**TELEPHONE CONSULTATIONS.** Benefits will not be paid for telephone consultations or for any other charges by a Physician who is not physically present when consulting with the Covered Person.

**TREATMENT OF TEETH AND GUMS.** Except as described in “ELIGIBLE CHARGES”, no benefits will be paid under “MEDICAL BENEFITS” for teeth, gums, alveolar process, or supplies used in such treatment, or for dental appliances.

**VISION CARE.** Except as stated in “MEDICAL BENEFITS,” no benefits will be paid for:

1) treatment of refractive errors including, but not limited to, eye exercises, visual therapy, fusion therapy, visual aids or orthoptics, or any related examinations; or

2) Surgical Procedures to eliminate the need for eyeglasses or to correct refractive errors of the eye (such as radial keratotomy, LASIK (laser in-situ keratomileusis) or any other vision enhancement surgery solely to correct nearsightedness, farsightedness or astigmatism), including any confinement, treatment, services, or supplies given in connection with or related to the surgery. This exclusion does not apply to surgery for cataracts or replacement of the lens of the eye following cataract surgery. This exclusion also does not apply to soft lenses or scleral shells used as corneal bandages.

**WAR.** No benefits will be paid for any Illness or Injury which is due to revolt, war or any act of war, whether declared or not.

**WEIGHT CONTROL.** No benefits will be paid for the treatment of, or services or supplies related to, obesity, Morbid Obesity, weight control, or diet, including but not limited to surgery, treatment of complications or adverse reactions to any prior surgery, nutritional counseling, food products, and medications.

**WORK RELATED ILLNESS OR INJURY.** No benefits will be provided for an Illness or Injury which arises out of or in the course of employment, regardless of whether workers’ compensation or other similar coverage is available.
MANAGED CARE

PRE-CERTIFICATION/CONTINUED STAY REVIEW. Except in certain cases concerning childbirth, a Covered Person must call Ineticare at least 72 hours prior to Hospital admission for a medical condition, Mental or Nervous Disorder, or Substance Abuse/Substance Dependence treatment, and in case of an emergency hospitalization, must call within two working days following admission. The number for Ineticare is (877) 608-2200.

A Covered Person must call Ineticare at least 72 hours prior to inception of any chemotherapy regimen, pre-authorization must be obtained by calling Ineticare at (877) 208-5002.

The Covered Person must provide Ineticare with the name, address, and birth date of the patient, the names, addresses, and telephone numbers of the Physician and Hospital, and the reason for hospitalization or surgery. The Covered Person is responsible for informing the attending Physician of the requirements of the pre-hospitalization review procedure. Continued stay review is also conducted by Ineticare.

The Ineticare medical care counselor will contact the Physician to discuss the proposed admission and treatment plan. If the diagnosis and treatment meet the criteria for Inpatient Hospital care, the counselor and the Physician will discuss the length of time required in the Hospital, as well as any care appropriate for recovery.

If the Covered Person fails to follow the Plan's procedures for pre-admission or continued stay review, the pre-certification penalty described in “MEDICAL BENEFITS” will be applicable.

Payment of covered charges will be withheld if pre-certification for treatment is based on a diagnosis for which treatment is covered, but the treatment is actually undertaken for a condition which is not covered by the Plan.

Pre-certification by Ineticare does not guarantee coverage or Preferred Provider Organization benefits. It is the Employee's responsibility to verify that the medical facility and Physicians are members of their PPO and that the proposed service is covered by this Plan.

MOTHERS AND NEWBORNS. Notwithstanding any other provision of "MANAGED CARE", the Plan shall not:
1) restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child following (a) a normal vaginal delivery, to less than 48 hours, or (b) a cesarean section, to less than 96 hours, unless discharged earlier by a Physician after consultation with the mother; or
2) require any Covered Person or Provider to obtain authorization under the pre-certification features of this section in conjunction with any such stay that does not exceed the number of hours set forth in 1) above.
CASE MANAGEMENT PROGRAM. The case management program is a special program designed for Covered Persons who are suffering from a complex illness requiring continued medical care.

Alternate forms of treatment or alternate treatment facilities may be recommended as part of the case management program.

Subject to the Administrative Service Agent’s approval, expenses for such alternative forms will be payable under this Plan on the same basis as the treatment or facilities for which they are substituted.

The Administrative Service Agent will have the authority to implement the alternative forms of care and treatment recommended by the case management program.

Case management is a voluntary service. There are no reductions of benefits or penalties if the Covered Person chooses not to participate.

ALTERNATIVE CARE. The Plan may elect to offer benefits for services furnished by any Provider pursuant to an alternative treatment plan for a Covered Person whose condition would otherwise require Hospital care.

The Plan shall provide such alternative benefits at its sole discretion and only when and for so long as it determines that alternative services are Medically Necessary and cost effective, and that the total benefits paid for such services will not exceed the total benefits to which the Covered Person would otherwise be entitled under this Plan in the absence of such alternative benefits.

If the Plan elects to provide alternative benefits for a Covered Person in one instance, it shall not be obligated to provide the same or similar benefits for other Covered Persons under this Plan in any other instance, nor shall it be construed as a waiver of the right to administer this Plan thereafter in strict accordance with its express terms.
COORDINATION OF BENEFITS

To prevent duplicate benefit payments if a Covered Person is covered under more than one plan, the Coordination of Benefits (COB) provision of this Plan is included to coordinate all the benefits provided by this Plan with benefits payable under any other medical plan or policy.

In this section, the term "plan" means any health care arrangement which provides medical or dental care benefits on an insured or uninsured basis. It includes, but is not limited to:
1) group, blanket, or individual insurance;
2) Hospital or medical service pre-payment plans;
3) labor-management trustee plans, union welfare plans, employer or employee organization plans;
4) government plans or programs;
5) coverage required or provided by law;
6) no fault auto insurance, including medical payments coverage ("MPC") and personal injury protection ("PIP");
7) third party liability insurance; and
8) any other source, including, but not limited to, crime victim restitution funds, any medical, disability, or other benefit payments, and school insurance coverage.

COORDINATION PROCEDURES. The procedure hereinafter described will be used to determine the amount of benefits payable under this Plan for a Covered Person when the Covered Person is covered under any other plan. In that event, one plan is the primary plan, and all other plans are secondary, in the order described below.

The primary plan pays its benefits first, without taking other plans into consideration. The secondary plan then pays benefits up to the extent of its liability, after taking into consideration the benefits provided by the other plan. Benefits under any other plan include benefits which the Covered Person could have received if such benefits had been claimed.

If the benefits paid by the secondary plan are less than the Plan would have paid as primary, the unused benefits will be set aside as COB savings. COB savings may be used to pay any benefits which are not covered by the normal payments of the primary and secondary plans, as long as the expense is allowable under one of the plans. COB savings is accrued on a Calendar Year basis and can only be used in the Calendar Year in which it has accrued.

No more than 100% of allowable expenses will be paid by the combination of this Plan, COB savings and any other plan(s). “Allowable expense” means any eligible charges which are Reasonable Charge, Customary Charge, Medically Necessary, and covered under at least one of the Plans. When this Plan is secondary (i.e., when this Plan pays after another Plan), “allowable expense” will include any Deductible, Coinsurance or Copay amounts not paid by the other plan. “Allowable expense” will not include any PPO, HMO, or other Provider discounts. An “allowable expense” will not include an expense incurred when coverage is not in effect under this Plan.

1) If a plan has no COB provision, it is automatically the primary plan;
2) If all the plans have COB provisions, a plan is primary if it covers the person as an employee, and secondary if it covers the person as a Dependent;
Coordination of Benefits

3) If a person is covered as a Dependent child under more than one plan:
   a) the plan of the parent whose birthday falls earlier in the year is the primary plan;
   b) if the father and mother share the same birthday, the Plan covering the parent longer is the primary plan;
   c) if the other plan coordinates benefits according to the sex of the parents, then the plan that covers the person as a Dependent of a male is the primary plan;
   d) if parents are separated or divorced, the following applies:
      the plan which covers a child as a Dependent of the parent with legal custody of the child is the primary plan, unless a court decree outlines the obligation for medical expenses for the child in which case the plan which covers the child as a Dependent of the parent with such obligation for medical expenses is primary;

4) If a plan is no fault auto insurance (including MPC and PIP), required by law, or third party liability insurance, it is the primary plan; and

5) If the primary plan is still not established by the rules above, then the plan that has covered such person for the longest continuous period of time will be the primary plan.

COORDINATION WITH HEALTH MAINTENANCE ORGANIZATION (HMO) OR PREFERRED PROVIDER ORGANIZATION (PPO) PLANS. This Plan will not consider any charges in excess of what an HMO or PPO Provider has agreed to accept as payment in full. When an HMO is the primary plan and the Covered Person did not use the services of an HMO Provider, this Plan will not consider as an allowable charge any charge that would have been covered by the HMO had the Covered Person used the services of an HMO Provider.

VEHICLE LIMITATION. When medical payments are available under any vehicle insurance, the Plan will pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan will always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title, or classification.

RIGHT TO EXCHANGE DATA. The Plan Administrator has the right to exchange benefit information with any plan, insurance company, organization or person to determine benefits payable using this COB provision. Any such data may be exchanged without the consent of, or notice to, any person. Any person who Claims benefits under this Plan must provide the Plan Administrator with data it requires to apply this provision. Notwithstanding the preceding, the Plan Administrator will comply with applicable federal regulations regarding the privacy of medical information on and after the effective date of such regulations.

PAYMENT AND OVERPAYMENT. If payments have been made under any other plan which should have been made under this Plan, this Plan will have the right to reimburse such other plan to the extent necessary to satisfy the intent of this COB provision. This Plan also has the right to recover any overpayment made because of coverage under another plan. This Plan may recover this overpayment from any insurance company, organization or person to whom or for whom this Plan paid benefits.
GOVERNMENT BENEFITS. Except as set forth below, no benefits will be paid for any services, treatment, or supplies, to the extent that the services, treatment, or supplies were furnished by the United States, a state, a municipality, or a foreign government or any agency thereof, unless federal law dictates that the Plan is primary.

EFFECT OF MEDICARE ON BENEFITS. A covered Employee who reaches age 65, and his spouse, may remain covered by the Plan unless the Employee or spouse makes an election to waive coverage under this Plan and chooses Medicare as the primary payer of benefits. In the event that an Employee or spouse waives coverage under this Plan and thereby elects Medicare as the primary source of benefits, no benefits will be payable under this Plan. If an Employee or spouse who is entitled to Medicare does not waive coverage under the Plan, Medicare will be the secondary payer of benefits.

Notwithstanding the above, Medicare shall be the primary payer of benefits for an individual after the individual’s first 30 months of entitlement to Medicare due to end stage renal disease.
SUBROGATION AND REIMBURSEMENT

WHEN THIS PROVISION APPLIES. You or your Dependent(s) (hereinafter "beneficiary") may incur medical or dental expenses because of Illness or Injuries for which benefits are paid by the Plan but which were caused by another party. The beneficiary may therefore have a claim against the other party for payment of the medical or dental expenses incurred. In these instances, the Plan has no duty or obligation to pay claims related to this Illness or Injury. However, if the Plan chooses to pay benefits, it has both a right of Subrogation and a right of Reimbursement. Each right is separate and the waiver of one right by the Plan shall not be deemed to waive the other right. Under the Plan's right of Subrogation, the Plan is subrogated to all of the rights the beneficiary may have against that other party. This right of Subrogation also applies when a beneficiary has a right to recover under an uninsured or underinsured motorist's plan, homeowner's plan, renter's plan, or any other insurance policy under which the beneficiary is insured. The Plan also retains a right of first lien against any monies received by the beneficiary from the other person. Any monies received by a beneficiary or his attorney to which this Plan has a right of Subrogation or Reimbursement shall be held in trust for the benefit of the Plan. Under this right of Reimbursement, the beneficiary will be required to reimburse the Plan out of any monies the beneficiary receives from the other person or on behalf of the other person as a result of judgment, settlement, or otherwise, without regard as to whether the recovery has been apportioned between medical and other damages, and without regard as to whether full or complete recovery of damages has occurred. The Plan specifically rejects the "make-whole doctrine" and the "common-fund doctrine" with respect to its rights of Subrogation and Reimbursement. The Plan will not be responsible for expenses or attorney's fees incurred by a beneficiary in connection with any recovery. Accordingly, beneficiaries must pay their own legal fees. Furthermore, the Plan is subrogated to attorney's fees and expenses in enforcing its rights.

The beneficiary may be required to execute a Subrogation Reimbursement Agreement and/or a Trust Agreement to receive benefits under the Plan. Failure to execute these documents upon request by the Plan Administrator may result in the non-payment of any related Claims. Further, if the beneficiary fails to return signed copies of these documents within the time period specified by the Plan Administrator, the Plan may refuse to pay Claims incurred with respect to the Illness or Injury from the date of your Injury or Illness through the date the Plan Administrator receives the signed documents. If the documents are received after the deadline established by the Plan Administrator, the Plan will pay eligible Claims incurred subsequent to its receipt of the signed documents.

Notwithstanding the foregoing, even if the Plan chooses not to have the beneficiary execute a Subrogation Reimbursement Agreement or the beneficiary fails to return a signed Subrogation Reimbursement Agreement, and the Plan pays any claims on behalf of the beneficiary and the beneficiary accepts payment of the claims, (1) the Plan will not be considered to have waived its right to pursue Subrogation and/or Reimbursement with respect to any claims it pays on behalf of the beneficiary, (2) the beneficiary will be deemed to have accepted the terms of the Plan, including the Subrogation and Reimbursement provisions described in this section, and (3) the beneficiary will be deemed to agree to maintain any payment received from another party in a constructive trust.

AMOUNT SUBJECT TO SUBROGATION OR REIMBURSEMENT. In no case will the amount subject to Subrogation or Reimbursement exceed the amount of medical or dental benefits paid for the Illness or Injuries under the Plan.
The beneficiary is required to provide information and assistance including testimony or the execution of documents to enforce the Plan's rights of Subrogation and Reimbursement. In addition, the beneficiary must notify the Plan Administrator of any action, judgment, settlement or other recovery for which the Plan has rights of Subrogation and Reimbursement. Further, the beneficiary will do nothing to prejudice the right of the Plan to Subrogation or Reimbursement. The Plan also reserves the right to initiate an action in the name of the Plan or in the name of the beneficiary to recover the Plan's subrogation and/or reimbursement interest.

The beneficiary shall be entitled to recover payment for benefits under the Plan only once. In the event a beneficiary becomes entitled to recovery from the Plan Sponsor for a work-related Illness or Injury, and the amount of such recovery includes amounts for medical benefits previously paid by the Plan, the Plan Sponsor shall be entitled to offset the amount of such recovery by the amount of benefits previously paid by the Plan.

DEFINED TERMS

1) "Recovery" means monies paid to the beneficiary by way of judgment, settlement, claim, or otherwise by the other party to compensate for the Illness or Injuries sustained;
2) "Subrogation" means the Plan's right to pursue the beneficiary's Claims for medical or dental charges against the other party and to be compensated in accordance with appropriate laws and regulations; and
3) "Reimbursement" means repayment or reimbursement to the Plan of medical or dental benefits that it has paid toward care and treatment of the beneficiary's Illness or Injuries.

RIGHTS OF RECOVERY. Whenever payments have been made by the Plan with respect to allowable expenses in excess of the maximum amount of payment necessary to satisfy the intent of this Plan, the Plan shall have the right, exercisable alone and in its sole discretion, to recover such excess payments.
FILING A CLAIM FOR BENEFITS

To receive benefits under the Plan as quickly as possible, complete the claim forms clearly and accurately.

Following is a description of how the Plan processes Claims for benefits. A Claim is defined as any request for a Plan benefit, made by a claimant or by a representative of a claimant, that complies with the Plan’s procedure for making benefit Claims.

HOW TO MAKE A CLAIM:

To assist the Administrative Service Agent in processing your Claim, please follow the steps listed below in the order in which they appear.

Step 1) You must provide the Administrative Service Agent with current information regarding other coverage you may have. This information is requested on your enrollment form and must be furnished each year.

Step 2) Also on the enrollment form is an important authorization request, which requires your signature. Your signature allows the Administrative Service Agent to request the necessary information from your Physician, in order to process your Claims for payment. If you have a spouse covered under the Plan, they must also sign this authorization to release information.

Step 3) If items 1 and or 2 above are not on file with the Administrative Service Agent, a Claim form will be requested, which may result in a delay in the processing of your Claim.

Step 4) In the case of Hospital confinement, a form provided by the Hospital must be completed by the Hospital and submitted directly to the Administrative Service Agent.

Step 5) Other bills or receipts relating to a covered expense may be submitted directly to the Administrative Service Agent. All bills must show the following:
   a) the employer's name, or group number;
   b) the Employee's name;
   c) the Employee's social security number;
   d) the patient's name;
   e) the Physician's name;
   f) the type of service rendered;
   g) an itemization of the charges;
   h) the condition for which the service was incurred;
   i) the date of service; and
   j) Accident/Injury detail, if applicable (can be provided by the Plan participant on a separate document).
Filing a Claim

Step 6) A receipt for a prescription drug must show the following:
   a) the employer's name, or group number;
   b) the Employee's name, or social security number;
   c) the name of the drug being prescribed;
   d) the prescribing Physician;
   e) the prescription number;
   f) an itemization for each separate prescription item; and
   g) the date of purchase.

Step 7) Forward all related bills and receipts to the Administrative Service Agent for processing.

Step 8) Provide any additional information that may be requested by the Plan or Administrative Service Agent.

INTERNAL CLAIMS REVIEW PROCEDURES. For purposes of the claims procedures below, reference to an “adverse benefit determination” means a denial, reduction, termination of, or a failure to provide or make a payment, in whole or in part, for a benefit, including benefit determinations relating to a claimant’s eligibility, and determinations that particular services are experimental and/or investigational or not Medically Necessary or appropriate.

An adverse benefit determination also includes a “rescission of coverage.” A “rescission of coverage” is a cancellation or discontinuance of coverage that has a retroactive effect, except to the extent it is attributable to administrative delays or failure to timely pay contributions towards the cost of coverage.

TYPES OF CLAIMS AND TIME PERIOD FOR PROCESSING. There are different kinds of Claims and each one has a specific timetable for either approval, payment, request for further information, or denial of the Claim. If you have any questions regarding this procedure, please contact the Plan Administrator. A period of time begins at the time the Claim is filed. “Days” means calendar days.

URGENT CARE CLAIM. A Claim involving Urgent Care is any Claim for medical care or treatment where using the timetable for a non-urgent care decision could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function, or, in the opinion of the attending or consulting Physician, would subject the Covered Person to severe pain that could not be adequately managed without the care or treatment that is the subject of the Claim.

In the case of the Claim involving Urgent Care, the following timetable shows the maximum amount of time in which particular events generally must occur:
## Filing a Claim

<table>
<thead>
<tr>
<th>Event</th>
<th>Time Permitted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Notification to Covered Person of benefit determination (adverse or not)</td>
<td>72 hours</td>
</tr>
<tr>
<td>If there is insufficient information on the Claim, or the Covered Person has failed to follow the Plan’s procedure for filing a Claim:</td>
<td></td>
</tr>
<tr>
<td>Notification to Covered Person of deficiency, orally or in writing</td>
<td>24 hours</td>
</tr>
<tr>
<td>Response by Covered Person, orally or in writing</td>
<td>Not less than 48 hours</td>
</tr>
<tr>
<td>Benefit determination, orally or in writing</td>
<td>48 hours after receipt of additional information or expiration of Covered Person’s time to respond</td>
</tr>
</tbody>
</table>

Ongoing courses of treatment, notification of:

- Reduction or termination before the end of treatment: 72 hours
- Determination as to extending course of treatment: 24 hours
- Review of adverse benefit determination: 72 hours

If there is an adverse benefit determination on a Claim involving Urgent Care, a request for an expedited appeal may be submitted orally or in writing by the Covered Person. All necessary information, including the Plan’s benefit determination on review, may be transmitted between the Plan and the Covered Person by telephone, facsimile, or other similarly expeditious method.

**PRE-SERVICE CLAIM.** A Pre-Service Claim means any Claim for a benefit under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval in advance of obtaining medical care. These are, for example, Claims subject to pre-certification or mandatory second opinions. Please see “MANAGED CARE” for further information about Pre-Service Claims.

In the case of a Pre-Service Claim, the following timetable shows the maximum amount of time in which particular events generally must occur:

<table>
<thead>
<tr>
<th>Event</th>
<th>Time Permitted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Notification to Covered Person of benefit determination (adverse or not)</td>
<td>15 days</td>
</tr>
<tr>
<td>Extension due to matters beyond the control of the Plan</td>
<td>15 days</td>
</tr>
<tr>
<td>If there is insufficient information on the Claim:</td>
<td></td>
</tr>
<tr>
<td>Notification to Covered Person of deficiency</td>
<td>15 days</td>
</tr>
<tr>
<td>Response by Covered Person</td>
<td>At least 45 days</td>
</tr>
<tr>
<td>Notification, orally or in writing, of failure to follow the Plan’s procedures for filing a Claim</td>
<td>5 days</td>
</tr>
<tr>
<td>Ongoing courses of treatment, notification of:</td>
<td></td>
</tr>
<tr>
<td>Reduction or termination before the end of treatment</td>
<td>15 days</td>
</tr>
<tr>
<td>Determination as to extending course of treatment</td>
<td>15 days</td>
</tr>
<tr>
<td>Review of adverse benefit determination</td>
<td>30 days</td>
</tr>
</tbody>
</table>
**Filing a Claim**

**POST-SERVICE CLAIM.** A Post-Service Claim means any Claim for a Plan benefit that is not a Claim involving Urgent Care or a Pre-Service Claim. In other words, a claim that is a request for payment under the Plan for covered medical services already received by the Covered Person for which no prior approval was required. In the case of a Post-Service Claim, the following timetable shows the maximum amount of time in which particular events generally must occur:

<table>
<thead>
<tr>
<th>Event</th>
<th>Time Permitted</th>
</tr>
</thead>
<tbody>
<tr>
<td>Notification to Covered Person of benefit determination (adverse or not)</td>
<td>30 days</td>
</tr>
<tr>
<td>Extension due to matters beyond the control of the Plan</td>
<td>15 days</td>
</tr>
<tr>
<td>If there is insufficient information on the Claim:</td>
<td></td>
</tr>
<tr>
<td>Notification to Covered Person of deficiency</td>
<td>15 days</td>
</tr>
<tr>
<td>Response by Covered Person</td>
<td>At least 45 days</td>
</tr>
<tr>
<td>Review of adverse benefit determination</td>
<td>60 days</td>
</tr>
</tbody>
</table>

**NOTICE OF ADVERSE BENEFIT DETERMINATIONS.** Except with Urgent Care Claims (in which event the notification may be given orally followed by written or electronic notification within three days of the oral notification), the Plan Administrator will provide written or electronic notification of any adverse benefit determination. The notice will set forth:

1) information sufficient to identify the claim involved (including the date of service, the health care provider, the claim amount (if applicable), and a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning and the treatment code and its corresponding meaning);

2) the specific reason(s) for the adverse determination;

3) reference to the specific Plan provision(s) on which the determination was based;

4) a description of any additional material or information necessary for the Covered Person to perfect the Claim and an explanation of why such material or information is necessary;

5) a description of the available internal and external review procedures under the Plan (including information regarding how to initiate an appeal) and the time limits applicable to such procedures, including any expedited review procedures for urgent care Claims, as well as a statement regarding the Covered Person’s right to bring an action under Section 502(a) of ERISA following an adverse benefit determination on review;

6) a statement that the Covered Person is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim; and

7) contact information for any applicable office of health insurance consumer assistance.

In addition, if the adverse benefit determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such rule, guideline, protocol, or criterion was relied upon in making the adverse benefit determination and a copy will be provided free of charge to the Covered Person upon request.
Further, if the adverse benefit determination is based on the fact that the treatment was not Medically Necessary or the Experimental/Investigational exclusion or similar exclusion or limit was applied, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Covered Person’s medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.

INTERNAL APPEAL OF ADVERSE BENEFIT DETERMINATION. When a Covered Person receives an adverse benefit determination, the Covered Person has 180 days following receipt of the notification in which to appeal the decision. Except as otherwise required by law, the right to appeal shall belong solely to the Covered Person seeking benefits, and may not be assigned, transferred or in any way conferred upon any other person or persons. Any such attempted assignment shall be void. Nothing in this Plan Document shall be construed to confer liability on the Plan, the Company or the Plan Administrator to any provider or assignee for medical care, treatment or other services provided to a Covered Person in the event of an attempted assignment of a Covered Person’s right to appeal an adverse benefit determination.

A Covered Person may submit written comments, documents, records and other information relating to the Claim. If the claimant so requests, he or she will be provided, free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim.

The review will take into account all comments, documents, records, and other information submitted by the Covered Person relating to the Claim, without regard to whether such information was submitted or considered in the initial benefit determination.

The review will not afford deference to the initial adverse benefit determination and will be conducted by a fiduciary of the Plan who is neither the individual who made the adverse determination nor a subordinate of that individual.

If the determination was based on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is experimental, investigational, or not Medically Necessary or appropriate, the fiduciary will consult with a health care professional who was not involved in the original benefit determination. This health care professional will have appropriate training and experience in the field of medicine involved in the medical judgment. Additionally medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the initial determination will be identified upon request.

NOTICE OF ADVERSE DETERMINATION ON INTERNAL APPEAL. The Plan Administrator will provide written or electronic notification of an adverse benefit determination on appeal. The notice will set forth:

1) information sufficient to identify the claim involved (including the date of service, the health care provider, the claim amount (if applicable), and a statement describing the availability, upon request, of the diagnosis code and its corresponding meaning and the treatment code and its corresponding meaning);

2) the specific reason(s) for the adverse determination;
3) reference to the specific Plan provision(s) upon which the determination was based;
4) a statement that the Covered Person is entitled to receive, upon request and free of charge, reasonable access to, and copies of all document, records, and other information relevant to the Covered Person Claim for benefits;
5) a statement describing any additional mandatory or voluntary appeal required or offered by the Plan (including the opportunity for External Review, if applicable), the Covered Person’s right to obtain information about such procedures, and a statement of the Covered Person’s right to bring suit under ERISA Section 502(a);
6) contact information for any applicable office of health insurance consumer assistance; and
7) any other information required by law.

In addition, if the determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included in the notice of adverse determination that such rule, guideline, or protocol was relied on in making the adverse benefit determination and a copy will be provided free of charge upon request.

Further, if the adverse benefit determination was based on Medical Necessity or experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Covered Person’s medical circumstances, or a statement that such explanation will be provided free of charge upon request will be included in the notice of adverse determination.

EXTERNAL REVIEW PROGRAM. The External Review Program offers an independent review process to review the denial of a requested service or procedures or the denial of payment for a service or procedures. The process is available at no charge following the Covered Person’s exhaustion of the internal appeals process described above provided the claim meets one of the following requirements:
• The appeal relates to a rescission of coverage (coverage that was cancelled or discontinued retroactively); or
• The Covered Person has received an unfavorable (or adverse) decision on appeal based on a medical judgment—e.g., based on clinical reasons, the experimental treatment or similar exclusion or limit.

The External Review Program does not apply if the adverse benefit determination is based on an administrative determination, such as:
• eligibility;
• explicit benefit exclusions; or
• defined benefit limits.

DEEMED EXHAUSTION OF INTERNAL CLAIMS PROCEDURES AND DE MINIMIS EXCEPTION TO THE DEEMED EXHAUSTION RULE. A Covered Person will not be required to exhaust the internal claims and appeals procedures described above if the Plan fails to adhere to the claims procedures requirements. In such an instance, a Covered Person may proceed immediately to the External Review Program or make a claim in court.
However, the internal claim and appeals procedures will not be deemed exhausted (meaning the Covered Person must adhere to them before participating in the External Review Program or bringing a claim in court) in the event of a de minimis violation that does not cause, and is not likely to cause, prejudice or harm to the Covered Person as long as the Plan Administrator demonstrates that the violation was for good cause or due to matters beyond the control of the Plan, the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and the Covered Person, and the violation is not reflective of a pattern or practice of non-compliance.

If a Covered Person believes the Plan Administrator has engaged in a violation of the claims procedures and would like to pursue an immediate review, the Covered Person may request that the Plan provide a written explanation of the violation, including a description of the Plan’s basis for asserting that the violation should not result in a “deemed exhaustion” of the claims procedures. The Plan will respond to this request within ten days. If the External Reviewer or a court rejects a request for immediate review because the Plan has met the requirements for the “de minimis” exception described above, the Plan will provide the Covered Person with notice of an opportunity to resubmit and pursue an internal appeal of the claim.

STANDARD EXTERNAL REVIEW. Under the External Review Program, after a Covered Person has exhausted his or her internal appeals, the Covered Person may request an independent review of an adverse benefit determination. An adverse benefit determination related to an individual’s failure to meet the Plan’s eligibility requirements is not eligible for external review.

All requests for an external review must be made within four months of the date the Covered Person receives the adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday. The Covered Person, his or her treating Physician, or an authorized designated representative may request an external review by writing the Plan Administrator.

The Plan Administrator will review a request for external review within five business days of its receipt of the request to determine whether:

• the individual was covered under the Plan at the time the service was requested or provided;
• the adverse determination was based on medical judgment and does not relate to eligibility;
• the Covered Person has exhausted the Plan’s internal appeals process, unless the Covered Person is not required to exhaust the internal appeals process due to the deemed exhaustion rule described above; and
• the Covered Person has provided all paperwork necessary to complete the external review.

The Plan Administrator will notify the individual in writing within one business day of the completion of its review, whether the adverse benefit determination is eligible for external review and if any additional information is required.
Filing a Claim

If the request is not eligible for external review, the notification will include the reasons why it is not eligible and contact information for the Employee Benefits Security Administration (866-444-EBSA). If the request was incomplete, the notification will state the information or materials needed to complete the request, and the Covered Person must supply the information by the later of:

1) the last day of the 4-month filing period described above; or
2) 48 hours after receipt of the Plan Administrator’s notification.

If the adverse benefit determination is eligible for external review, the Plan Administrator will forward the request to an Independent Review Organization (IRO) with which the Plan has contracted. The IRO will be chosen based on a rotating list of at least three approved IROs. The IRO acts as a fiduciary of the Plan with respect to the external reviews that are delegated to the IRO.

The IRO will provide the Covered Person with a written notification that it has received and accepted the request for external review, and give the Covered Person the opportunity to submit additional information within 10 business days. The Plan Administrator will provide the IRO any information and documentation it considered in making its adverse benefit determination. If a claimant supplies additional information to the IRO, the IRO will forward that information to the Plan Administrator, at which point the Plan Administrator may reconsider its adverse benefit determination.

The IRO will review the claim without giving deference to the Plan Administrator’s prior decisions, and will take into account any additional information the claimant has supplied. In addition, in making its determination, the IRO may consider all documents and information provided, including, but not limited to, medical records, physician’s recommendations, the terms of the Plan, appropriate practice guidelines, and the opinion of the IRO’s clinical reviewer(s).

The IRO will render its decision within 45 days of its receipt of the request for review and will provide written notification to both the Covered Person and the Plan. This notification will include:

- a general description of the reason for the request for external review, including sufficient information to identify the claim;
- the date the IRO received the request for external review and the date of its decision;
- reference to the evidence or documentation considered in reaching its decision;
- the reason(s) for its decision, including any evidence-based standards that were relied on;
- a statement that the determination is binding except to the extent other remedies are available under state or federal law;
- a statement that judicial review may be available; and
- current contact information for any applicable office of health insurance consumer assistance or ombudsman.

If the decision of the IRO reverses the adverse benefit determination, the Plan will accept the decision and provide benefits for the service or procedure in accordance with the terms and conditions of the Plan. If the decision of the IRO confirms the Plan Administrator’s adverse benefit determination, the Plan will not be obligated to provide benefits for the service or procedure.
Filing a Claim

After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for 6 years, and make them available for review by the Covered Person and the Plan Administrator upon request, except if the disclosure would violate State or Federal privacy laws.

EXPEDITED EXTERNAL REVIEW. An adverse benefit determination may be eligible for an expedited external review if:

- The Covered Person has received an adverse benefit determination involving a medical condition for which the timeframe for completion of an expedited internal appeal (as described above) would seriously jeopardize the Covered Person’s life or health, or his or her ability to regain maximum function and the Covered Person has filed a request for an expedited internal appeal, or
- The Covered Person has received an adverse benefit determination involving a medical condition for which the timeframe or completion of a standard external review would seriously jeopardize the Covered Person’s life or health, or would jeopardize the Covered Person’s ability to regain maximum function, or if the adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or service for which the Covered Person received emergency services, but has not been discharged from a facility.

If a Covered Person makes a request for an expedited external review, the Plan Administrator will immediately review the request and provide a written notice of whether the Covered Person’s adverse benefit determination is eligible for external review. If the adverse benefit determination is eligible for external review, the Plan Administrator will forward the request to an IRO (electronically, by telephone or fax, or by other similar manner) as described above under the ‘Standard External Review’ procedures, along with all documents and information it considered in making its adverse benefit determination.

The IRO will follow the review process described above, and render a decision within 72 hours after it receives the request for review. The IRO will provide a written confirmation of its decision to both the Covered Person and the Plan with 48 hours thereafter.

For more information regarding external appeal rights and the independent review process, contact the Plan Administrator under “VENDOR LISTING.”

INETICARE AT: (877) 608-2200  
THIS SERVICE IS AVAILABLE 24 HOURS A DAY, SEVEN DAYS A WEEK.
PROOF OF LOSS. A Claim must be made no later than one year from the date of service unless the claimant was legally incapacitated. The Plan Administrator may require, as part of the proof, authorization to obtain medical and non-medical information.

PHYSICAL EXAMINATIONS. The Plan Administrator, at its expense, may have a Covered Person examined as often as reasonably necessary while any Claim is pending.

TIME BAR TO LEGAL ACTION. No legal action may be commenced or maintained against the Plan prior to the Covered Person’s exhaustion of the claims procedures. In addition, no legal action may be commenced or maintained against the plan more than 90 days after the Plan Administrator’s decision on review. However, the 90-day period is tolled for any period during which an External Review is pursued, and such tolling will end as of the date of a notice of a final external review decision.
MISCELLANEOUS PLAN PROVISIONS

AMENDMENT OR TERMINATION. The continued maintenance of the Plan is completely voluntary on the part of the Company and neither its existence nor its continuation shall be construed as creating any contractual right to or obligation for its future continuation. While the Company intends to continue the Plan indefinitely, it reserves the right at any time and for any reason, in its sole and absolute discretion, through the procedure of an execution of a document by any officer who is authorized, to curtail benefits under, or otherwise amend or terminate the Plan or any portion thereof, including, without limitation, those portions of the Plan outlining the benefits provided or the classes of Employees or Dependents eligible for benefits under the Plan.

PLAN ADMINISTRATOR DISCRETION. The Plan Administrator shall have the sole discretionary authority to construe the terms of the Plan and all facts surrounding Claims for benefits under the Plan and shall determine all questions arising in the administration, interpretation and application of the Plan, including, but not limited to, those concerning eligibility for benefits. Accordingly, benefits under this Plan shall be paid only if the Plan Administrator decides at its discretion that an applicant is entitled to them. All determinations of the Plan Administrator shall be conclusive and binding on all parties.

ERISA REQUIREMENTS. Notwithstanding anything in the Plan to the contrary, the Plan will comply with the following requirements of ERISA Section 609:

1) Medical Child Support Orders. The Plan will comply with the requirements of any "qualified medical child support order" as defined in ERISA Section 609(a)(2)(a). The Plan Administrator will develop procedures to determine whether a medical child support order is qualified and for complying therewith. A Covered Person may obtain, without charge, a copy of these procedures upon request to the Plan Administrator;

2) Rights of States where Covered Persons are eligible for medical benefits. The Plan Administrator will comply with the requirements set forth in ERISA Section 609(b) regarding:
   a) assignments of rights;
   b) enrollment and provision of benefits without regard to Medicaid eligibility; and
   c) acquisition by states of rights of third parties;

3) Coverage of Dependent Children in Cases of Adoption. The Plan Administrator will comply with the requirements set forth in ERISA Section 609(c) regarding:
   a) the effective date of insurance for adopted Dependent children; and
   b) the prohibition of restrictions based on pre-existing conditions at the time of placement for adoption.

COMPLIANCE WITH FEDERAL LAWS. The terms of the Plan shall be construed and administered in a manner calculated to meet the requirements of the following laws, as the laws are applicable to this Plan:

1) Americans With Disabilities Act of 1990;
2) Family and Medical Leave Act of 1993;
3) Uniformed Services Employment and Reemployment Rights Act of 1994, as amended;
4) Health Insurance Portability and Accountability Act of 1996, as amended;
5) Personal Responsibility and Work Opportunity Reconciliation Act of 1996;
6) The Newborns’ and Mothers' Health Protection Act of 1996;
7) The Mental Health Parity Act of 1996, as amended;
9) The U.S. Trade Promotion Authority Act of 2002;
10) The Working Families Tax Relief Act of 2004 (H.R.1308);
12) The Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008;
14) The Children's Health Insurance Program Reauthorization Act of 2009;
15) The Patient Protection and Affordable Care Act of 2010;
16) The Trade Adjustment Assistance Extension Act of 2011; and

To the extent a Plan provision is contrary to or fails to address the minimum requirements of these laws, the Plan shall provide the coverage or benefit necessary to comply with the minimum requirements thereof.

PATIENT PROTECTION AND AFFORDABLE CARE ACT. This Plan believes it is a “non-grandfathered health plan” under the Patient Protection and Affordable Care Act (the ‘Affordable Care Act’).

NON-DISCRIMINATION. Notwithstanding anything in the Plan to the contrary, the Plan may not discriminate against any individual or a Dependent of that individual with respect to health coverage on the basis of a health factor.

Further, the Plan shall not (a) adjust premium contribution amounts based on genetic information, (b) request or require an individual or family member of an individual to undergo a genetic test (except in certain circumstances related to research), or (c) request, require, or purchase genetic information with respect to any individual prior to the individual’s enrollment in the Plan or coverage in connection with enrollment in the Plan.

GOVERNING LAW. The Plan shall be governed by ERISA and the regulations promulgated thereunder. Any assignee of a Covered Person under this Plan shall be treated as the Covered Person with respect to any claim or request for payment of expenses for medical services submitted to the Plan, the Plan Administrator, the Plan Sponsor, the Third Party Administrator, or any agent or Employee thereof. Any Claims or causes of action asserted by any Covered Person or assignee shall be subject to ERISA, and no state law Claims or causes of action shall be applicable with respect to any expenses related to the provision of health care services.

SEVERABILITY. If any provision, or any portion thereof, contained in this Plan is held to be unconstitutional, illegal, invalid, or unenforceable, the remainder of this Plan shall not be affected and shall remain in full force and effect.
ASSIGNABILITY. Amounts payable at any time may be used to make direct payments to health care Providers. Except as applicable law may otherwise require, no amount payable at any time hereunder shall be subject in any manner to alienation by anticipation, sale, transfer, assignment, bankruptcy, pledge, attachment, charge, or encumbrance of any kind. Any attempt to alienate, sell, transfer, assign, pledge, attach, charge, or otherwise encumber any such amount, whether presently or hereafter payable, shall be void. The Plan shall not be liable for or subject to the debts or liabilities of any person entitled to any amount payable under the Plan, or any part thereof.

No appeal rights granted to the Covered Person in this Plan may be assigned, transferred, or in any way made over to another party by a Covered Person. Nothing contained in the written description of the medical coverage shall be construed to make the Plan liable to any third-party to whom a Covered Person may be liable for medical care, treatment, or services.

NATIONAL CORRECT CODING INITIATIVE. Where not otherwise specified, this Plan follows National Correct Coding Initiative (“NCCI”) for coding, modifiers, bundling/unbundling, and payment parameters. Other guidelines may be applicable where NCCI is silent. The Plan Administrator has full discretionary authority to select guidelines and/or vendors to assist in determinations.
Plan Information

Name of the Plan: Clark Atlanta University
Employee Health Benefit Plan

Name, address, and telephone number of the Plan Sponsor and Plan Administrator:

Clark Atlanta University
223 James P. Brawley Drive, SW
Atlanta, GA 30314-4391
(404) 880-6237

The Plan Administrator is responsible for the administration of the Plan and is the "Named Fiduciary" under the Employee Retirement Income Security Act of 1974, as amended.

Employer Identification Number (EIN): 36-2739571

Plan Number: 501

Type of Plan: Self-Funded welfare benefit plan providing health and hospitalization benefits. Claims under the Plan are paid solely from the general assets of the Company. While the Company may obtain insurance to limit its losses under the Plan, no insurance protects any of the benefits or Claims under this Plan.

Name, address, and telephone number of the Administrative Service Agent:

Group Resources
3080 Premiere Parkway
Suite 100
Duluth, GA 30097-4904
(770) 623-8383

The designated agent for service of legal process is:

Office of the President
Clark Atlanta University
223 James P. Brawley Drive, SW
Atlanta, GA 30314-4391
Plan Information

Service of legal process may also be served upon the Plan Trustee or the Plan Administrator.

Names and addresses of the Plan's Trustees:

Clark Atlanta University
223 James P. Brawley Drive, SW
Atlanta, GA 30314-4391

Claims Administration: The plan is administered by the Plan Administrator, with Group Resources, an Administrative Service Agent, acting as Claims paying agent.

Plan Funding: Company and Employee contributions cover the cost of the Plan. Company contributions and any Employee pre-tax contributions withheld by way of payroll deduction are held by the Company and used to pay Plan benefits. All Employee contributions to the Plan shall be withheld from the Employee's paycheck on a pre-tax basis unless the Employee requests, in writing to the Plan Administrator, that the required contributions be withheld on an after-tax basis. Any after-tax Employee contributions may be held in trust by the trustee. The amount of all such contributions is actuarially determined where necessary.

The Plan fiscal year ends on: December 31
STATEMENT OF ERISA RIGHTS

As a participant in the Clark Atlanta University Employee Health Benefit Plan you are entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as amended (ERISA). ERISA provides that all Plan participants shall be entitled to the following:

RECEIVE INFORMATION ABOUT YOUR PLAN AND BENEFITS. Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

CONTINUE GROUP HEALTH PLAN COVERAGE. Continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan on the rules governing your COBRA continuation coverage rights.

PRUDENT ACTIONS BY PLAN FIDUCIARIES. In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

ENFORCE YOUR RIGHTS. If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision, without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, you may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court.

Clark Atlanta University

Plan Document

December 5, 2013
The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

ASSISTANCE WITH YOUR QUESTIONS. If you have any questions about the Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Miscellaneous Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of Employee Benefits Security Administration at (866) 444-3272.
