Shantrell Moss

MOSS FINISHES TRACK & FIELD CAREER AMONG THE NATION'S ELITE

Atlanta, GA. - Clark Atlanta University's Shantrell Moss competed in the NCAA (Division II) Track & Field Nationals, May 22-25, in Walnut, California, on the campus of Mt. San Antonio College. Moss, a first-year graduate student, competed in the women's 200 meter event.

Moss won her preliminary heat with a time of 24.51 and was the only competitor from her heat to qualify for the finals. In the finals, Moss turned in her personal best time of the season. She finished the race with a time of 24.12 and was ninth (9th) overall in the event, just one spot shy of being named an All-American.

In addition to track & field, Moss is also a member of the Lady Panthers' Basketball Team. While the NCAA Nationals was her last appearance as a member of the CAU Track & Field Team, the All-SIAC player will return for the 2008-09 basketball campaign.

According to CAU Track & Field Head Coach Pamela Page, "We were glad to have her, even if only for one year. Not only did she uplift her teammates, she also left a legacy of hard work, determination, and class for our returning student-athletes to emulate."
