Taisha Laurent
2010 – M.A., School Counseling

“The Counselor Education program at Clark Atlanta University has helped me to grow personally and professionally. The program helped to prepare me for my current role as a professional school counselor. With the knowledge and skills I obtained through this program, I was able to develop and implement my own comprehensive school counseling program. The program also stressed the importance of advocating for our profession, which has allowed me to assume leadership positions within my school. In addition, the program sparked my interest and desire to become a Counselor Educator.”
