Institutional Goals

1.0 To enhance and maintain an environment which fosters intellectual, social and cultural curiosity and creativity and the development of morally sound value systems among students, faculty, administrators and staff.

2.0 To develop accelerated bachelor's and master's degree and other new programs and educational experiments using innovative ideas through research and teaching, both within and across disciplines and in keeping with the mission of the University.

3.0 To increase the number of African-American faculty members who obtain doctoral degrees in the critical areas of natural and mathematical sciences, humanities and social sciences.

4.0 To implement a comprehensive approach for continuous academic program review and assessment to improve quality and determine resource requirements and new directions through a system of external visiting committees.

5.0 To enhance the role of research with an improved research infrastructure and an evaluation system that recognizes the importance of research and teaching to the mission of the University.

6.0 To implement an integrated and centralized program for faculty and staff to address personal and professional development.

7.0 To continue to institute modern management techniques, taking into account the new information systems, the improvement of human work environments and the effective energy efficient utilization of space.

8.0 To plan and execute a capital campaign to provide the resources necessary to meet the University's goals.

9.0 To develop a comprehensive student life program which will include both the undergraduate and graduate levels.

10.0 To develop and implement more comprehensive marketing and public service programs, including opportunities for students to participate in off-campus internships and work experiences.

11.0 To prepare a systematic plan for attracting a student body of
increasing quality and size and an expanded academic support system to improve student retention.

12.0 To enhance and provide services to meet the educational, cultural and social service needs of the community by maintaining ongoing basic linkages with other local, regional, national and international institutions.

13.0 To enhance the institution’s commitment to provide education and technical assistance to Third-World nations through the establishment of a School of Public and International Affairs and a university community which will be sensitive to the nature and depth of global interdependence.

14.0 To provide a state-of-the-art telecommunication and distance learning infrastructure using multimedia technology to facilitate excellence in teaching, research, and service.
