HBCU Executive Leadership Institute at Clark Atlanta University (HBCU ELI)  
Program History and Overview

**History.** The concept of the HBCU Executive Leadership Institute at Clark Atlanta University (HBCU ELI at CAU) was developed by Dr. Louis Sullivan, President Emeritus, Morehouse School of Medicine and former Secretary of Health and Human Services and Dr. Johnny Parham, Retired Executive Director, Thurgood Marshall Fund. The proposal was presented to Dr. Ronald A. Johnson, who was President of CAU in 2018, and he assigned the program to CAU's School of Education (under the leadership of Dean Dr. J. Fidel Turner, Jr., Dr. Barbara Hill, & Dr. Mary A. Hooper) as the ideal venue in which to develop the institute.

The proposal was presented at a meeting of the Council of HBCU Past Presidents (under the leadership of Chair, Dr. Samuel Jolley Jr., former President of Morris Brown College) by Dr. Parham with Dr. Johnson in attendance for their support and to become involved as mentors in the program. The program is now fully supported by the current CAU President, Dr. George T. French, Jr. The initial funding was provided by The Rich Foundation, Inc. under the leadership of President, Thomas J. Asher.

Dr. Phyllis Worthy Dawkins, former President of Bennett College, currently serves as the Executive Director of the HBCU ELI at CAU with Dr. Cheryl Davenport Dozier, President Emerita of Savannah State University serving as the Program Coordinator, Dr. Mary A. Hooper, Associate Provost serving as the Curriculum Designer, Mr. Cameron Randle, CAU Higher Education Leadership Doctoral Student serving as the Program Manager, and Dean Dr. J. Fidel Turner. Previous Executive Directors were Dr. George Ross, President Emeritus Central Michigan University and Former President Alcorn State University and Dr. Barbara Hatton, Former President, South Carolina State University & Knoxville College.

**Overview.** HBCUs constitute just 3% of the nation’s four-year nonprofit colleges and universities, yet their alumni account for 80% of Black judges, 50% of Black lawyers and doctors, and their students account for 27% of Black undergraduates who earn degrees in science, technology, engineering, and mathematics (UNCF, 2019). HBCUs have long played an indispensable role in crafting pathways to opportunity. Yet, between 2010 and 2014, HBCU presidents' tenure lasted for an average of 3.3 years (Kimbrough, *HBCU Digest*, 2017) while the average term of presidents across all 4-year higher education institutions in the same years was 7 years (Gagliardi, Higher Education Today, American Council on Education, 2017). Most recently, in a UNCF (United Negro College Fund) briefing book, Kimbrough (*Diverse Issues in Higher Education*, Aug 18, 2021) noticed that “of the 37 institutions, eight of them had a president that was either in an acting or interim capacity, and another eight had served for less than three years at their institutions.”

The future of HBCUs depends on the quality and training of those who will lead them. A central challenge for the future of HBCUs is the need for outstanding leaders with skills that continue and expand upon that historic role. Therefore, ELI has developed a robust program for knowledge delivery, hands-on skills, and intuition based on know-how for Fellows who are aspiring executive leaders and change agents for the future of HBCUs. The creation of the HBCU ELI at CAU provides a series of virtual and residency seminars focusing on 13 competencies resulting in a certificate and/or micro-credentials that prepares future presidents for the nation’s HBCU’s. The strengths of the program are also in the mentoring/coaching of Fellows and the alumni network. This is a six to twelve-month low residency program.
