Congratulations!
You have been officially accepted into
Clark Atlanta University!

More than 150 years ago a few visionaries founded two schools on a singular mission to provide access to those denied the opportunity for learning. Atlanta University (1865) was the nation’s first African-American graduate school and Clark College (1869), was the first private, liberal arts institution in the nation to award baccalaureate degrees to primarily African-Americans. The consolidation of these two institutions to form Clark Atlanta University in 1988 “Charted a Bold New Future.”

CAU continues to serve as a beacon of access and opportunity. We provide a transformative learning environment for our students to equip them with the tools they need to become actively engaged in their career and community upon graduation. Our goal is to produce graduates who make a difference in their world through ideas and actions that matter.

As you prepare to become part of this legacy, we want to ensure that you are able to move forward through the enrollment process with the necessary information. The following pages capture the key information and contacts to assist in this process.

Please keep it handy and refer to it as often as needed.

As a very proud alumna of Clark Atlanta University MBA class of 1992, and Doctorate of Higher Education Leadership class of 2020, I extend to you a warm and sincere welcome to Panther Nation!

Sincerely,

Lorri L. Saddler, Ed.D.
Associate Vice President | Dean of Undergraduate Admission

Important Information for Financial Aid Applicants

• Students/parents should apply for a Federal Student Aid ID (FSA ID) before initiating the FAFSA application at www.studentaid.gov

• The FSA ID is a username and password combination that serves as a student’s or parent’s identifier to allow access to personal information in various U.S. Department of Education systems.

• Complete the (FAFSA) at www.studentaid.gov

• The Clark Atlanta University’s school code is: 001559

• Please make sure social security numbers are correct. Remember to provide your full legal name. Common errors such as using nicknames or middle name instead of your first name can cause processing delays.

• Make sure both the student and parent sign the FAFSA form.

Types of Aid

Financial aid comes from a variety of sources, including federal, state, institutional and private/external sources in forms such as:

• Federal and state loans and grants
• Private grants and scholarships
• Private loans
• Institutional aid
• Work-study program
Frequently Asked Questions
FINANCIAL AID

Q: How Do I Apply for Financial Aid?
To be considered for all types of aid at Clark Atlanta University, your first step is to fill out the Free Application for Federal Student Aid (FAFSA) at: [www.studentaid.gov](http://www.studentaid.gov) and release it to Clark Atlanta University (Federal Code: 001559). This form should be completed as soon as possible with a priority deadline of February 1st. Your FAFSA information determines your eligibility for a broad range of financial aid. In addition, there are a few sources of aid such as unsubsidized Stafford and PLUS loans that are available regardless of need.

Q: Why Should I Meet the Priority Deadline?
By meeting the priority deadline, you have a better chance of receiving campus-based funding, i.e. FSEOG and Work-Study. These programs are limited in funding (determined by U.S. Department of Education), and annual awards to eligible students are based on meeting the priority deadline of February 1. Thereafter, awards are made on a first-come basis.

Q: How Do I Apply for Work-Study?
You must complete the FAFSA and meet all the deadlines for supporting documentation. The priority deadline is February 1. Once the CAU Financial Aid Office receives your FAFSA information, you will be evaluated for financial need and a financial aid package will be determined. This package may include Federal Work-Study. In order to initiate the process for Work-Study (if it is included on your financial aid package), you must attend the Work-Study Orientation.

Q: How Much Will I Owe the University?
To determine how much you owe the University, subtract your direct cost from certain financial aid offered (all financial aid offered cannot be included). A PLUS Loan cannot be included unless the parent borrower has applied for the loan and the lender has approved it. College Work-Study cannot be included because the funds must be earned after job placement. The University has no control over the student’s potential earnings. Outside scholarships will be treated as a resource until the University receives the funds. If you are a recipient of an outside scholarship, we encourage you to have the donor remit the funds to the University as soon as possible. You are liable to the University should any outside funds not be received by the University.

Q: How Do I Pay the Balance Not Covered by Financial Aid?
The University has made arrangements with several private agencies to offer alternative funding options to our students ranging from monthly payment plans to low-cost private loans. We encourage you to explore these options several weeks in advance of the beginning of the term should you find yourself in need of additional funding options. Because these are private sources, you need to allow ample time for processing.
Immunization Forms

To help ensure we maintain a healthy and safe campus community, all CAU students are required to submit current immunization forms completed by a health care professional. Students are not allowed to move into residence halls or attend classes without submission of the completed forms. **Deadline is July 1, 2021.** Please visit [https://www.cau.edu/studentlife/Health%20Services/index.html](https://www.cau.edu/studentlife/Health%20Services/index.html) to access the forms. Immunizations for Tetanus/Diphtheria (TDAP/TD), 2 doses of MMR (Measles, Mumps, Rubella), and 2 doses of Meningococcal Quadrivalent (2nd dose must be given after age 16) are required. Meningitis B vaccine is recommended, but not required. 1 Tuberculosis Skin Test/Interferon Gamma Release Assay(IGRA) Quantiferon Gold/T-Spot is required and must be completed within 12 months of enrollment.

Student Accounts

How do I Pay?
Financial Aid, Scholarships, Payment Plan, Credit Card, Money Order, Cashier’s Check

We realize that many families are required to look beyond personal resources in order to make attending CAU a reality. For this reason, we encourage families to consider all student and parent federal aid options. Parents of dependent undergraduate students may borrow the Parent PLUS Loan to help their children pay for college. The Parent PLUS Loan offers a fixed interest rate and flexible loan limits. A credit application is required and not all families will be approved.

- Institutional scholarships for new students are merit based and included in your financial aid award, if selected as a recipient. Most new students will not receive an institutional award, so we encourage all students to register and apply for support at UNCF.org. Many of our students receive support from one or more of their programs. Families may take advantage of the payment plan.
- The plan opens on July 1, 2021. First installments will include a $70.00 fee that is due at the time of payment plan enrollment. Fall payment plan information is below.

Frequently Asked Questions
INTERNATIONAL STUDENTS

1. **I have been admitted to Clark Atlanta University. When will I receive my I-20?** After notification of admissions, a designated school official from The Office of International Programs (OIP) contacts students to provide the next steps and required documentation for obtaining the CAU I-20. Students should submit their documentation as soon as possible to the OIP to ensure sufficient time to obtain their student visas.

The information and documentation required for issuance of the CAU I-20 are:
- Completion of the CAU I-20 Request Form
- Financial documentation that shows evidence of sufficient funds to meet the costs for tuition, fees, housing, health insurance, transportation and dependents’ care (if applicable). OIP cannot issue the CAU I-20 until financial documentation is received and verified.
- Copies of the students’ biographical pages of passports and any accompanying dependents (if applicable).

Once this documentation is received and reviewed in the OIP, the CAU I-20 is generally processed within five (5) business days and shipped or mailed to the address provided on the CAU I-20 Request Form. If requested, the I-20 can be released to a family member or friend. Written authorization from the student is required and a valid photo identification is required from the authorized person receiving the document.

2. **I received my CAU I-20, how do I obtain my student visa?** The process to obtain the F-1 student visa after receipt of the CAU I-20 begins with payment of the SEVIS (I-901) fee. The payment link can be accessed here: [http://www.fmjfee.com](http://www.fmjfee.com)

Students who plan to have their spouses or children reside in in the USA with them while they study, should note that their dependents are required to have an individual Form I-20, but they do not have to pay a SEVIS I-901 fee to obtain the F-2 visa. They are only required to pay the visa fees.

3. **After payment of the SEVIS fee, proceed to [http://usembassy.gov](http://usembassy.gov) to find the nearest US embassy to you to schedule a visa appointment**

**I am a transfer student from a U.S. School and my F-1 visa is still valid. Am I still required to submit financial documentation?** Yes. All new transfer international students are required to submit financial documentation to verify sufficient funds to meet the cost of attendance.

4. **When can I enter the U.S. after receiving my visa?** Students may enter the U.S. up to 30 days before the program start date provided on the I-20.

**F-1 students with an I-20:** the earliest date to enter the U.S. is printed on the I-20 document. (See example below)
