Clark Atlanta University is excited to announce that we have partnered with TouchNet® to provide eBills through TouchNet® Bill+Payment™ suite. We have created a quick access guide that will show you how to navigate our new system. This guide is not meant to include all of the features because there are too many to list. We encourage you to log in and take a look around. We made these changes to enhance your experience and we hope that you will enjoy the new look and functionality. We have also included some FAQ’s at the bottom of the document.

**Bill Payment Overview**

When you access Bill Payment you will see the Home Page where you can view, manage, and make payments on your student’s account. Here’s a quick overview of what you can do when you’re here.

**Home Page**

Your Bill Payment Home Page is a summary of your student’s account, where you can:

- See important announcements and alerts
- View your current account balance, payment plan installments and scheduled payments
- Make payments
- If access has been granted to an authorized user, view account activity detail
- Enroll in the payment plan
- If access has been granted to an authorized user, view account statement
- Find links to important profile set up features
1. Announcement – See the Announcement area for information about the current billing term and important dates.

2. Student Account Section –
   - Amount Due – The total balance due
   - View Activity – See the transaction detail of charges and payments for the account
   - Enroll in payment plan – Select this link to enroll in a payment plan
   - Make a payment – Select this link to make a payment on the account

3. Authorized users – Students can grant access to a parent or guardian to have full or limited access to their account.

4. Personal Profile/Payment Profile – View your profile information and you can also opt in to receive text messages. You can also check to see which credit cards you have saved as payment methods.
Students are encouraged to review their accounts regularly to ensure all charges and payments are posted correctly. Failure to make payment in full for all outstanding charges results in late registration fee assessment and registration/transcript holds being placed on your account. Students who do not have an Authorized User set up are responsible for printing a PDF copy of their bill and sending it to the payer. Please contact Student Accounts if you have any concerns so that discrepancies can be addressed and resolved quickly. You may contact us at studacct@cau.edu.
