A Message from the Chief

Greetings CAU Panthers and Pantherettes!

The purpose of this pamphlet is to apprise students, faculty, staff and visitors of our on-campus crime statistics. It is an honor to lead public safety commitments for such a historical institution. It is our belief that knowledge is power and

with that power comes awareness. We all must believe partnering with our stakeholders is a priority.

It should become our mindset, that safety is everyone's responsibility in managing and minimizing potential crime matters. If we are conscious and aware of our surroundings, informed of current trends, watchful and concerned for our students, faculty, staff, and visitors to the CAU campus, along with its surrounding areas, we all can play a role in ensuring Clark Atlanta University is a safe campus to learn, live, work and play. We, as a department, should exhibit professionalism, fairness, and treat others with respect and dignity while being responsive by providing excellent police services. We will serve by fostering a campus-wide posture of prevention; which facilitates the process of student-centered campus oriented policing by being inclusive, engaging our students in positive conversations and focusing on public safety.

In closing, we must continue to improve communication, collaboration and cooperation within the department, with our students, faculty, staff, and visitors and our partnering law enforcement agencies to maintain an effective working relationship with the community and to respond to its needs. We respond to reports of crimes, address problems, and provide information and resources to the community that we serve. The campus crime statistics and crime prevention tips are published annually in the "Right to Know" pamphlet, which appears on the website (<http://www.cau.edu/public-safety/>)

OUR STUDENTS ARE OUR PURPOSE!
