SOUVENIR BOOKLET
Dear CAU 2020 Graduates,

May 18, 2020—This was going to be the day of your graduation ceremony. This day was the day to be celebrated with your family and friends gathered as witnesses of this momentous occasion. This day was to be the culmination of your college career and the beginning of a new journey. With great excitement, you were looking forward to closing one chapter of your life with celebratory events such as senior week, and baccalaureate and commencement exercises.

- Your cap and gown were ordered and received.
- You took pre-commencement pictures on the front steps of the Historic Harkness Hall.
- You dreamt of how you would feel as you walked across the stage and turned your tassels, signifying the completion of this academic phase of your life.

This was the day that your entire college career was building up to. But the moments were stolen from you because of the COVID-19 global pandemic.

Yes, you join the ranks of a unique group of graduates throughout the world who were unfairly stripped of the celebratory events surrounding the end of your senior year and culminating with your long-awaited graduation ceremony. I have heard the feelings of disappointment from many of you. It’s a natural, human instinct and one that I don’t take lightly. I understand because I am a proud parent of a 2020 college graduate, and I was looking forward to witnessing and celebrating her achievements at her college commencement in May.

These are challenging and uncertain times, and I know this is especially tough on each of you. Yet, I want you to know that the Clark Atlanta University community cares about you and shares in your disappointment. We are here for you on all fronts. Your concerns to ultimately celebrate your achievements have not fallen on deaf ears. For now, you and your loved ones’ safety and health are our top priority. As I have said on several occasions, once we have the green light about some sense of normalcy in our daily operations, we will begin planning an event to celebrate each of you and your achievements.

For now, I want you to exercise your “Panther” power and spirit of valor, courage, and determination to find ways to make the most out of this unfortunate situation. This season in your lives may appear bleak on the surface, but I am confident that with your resilience and creativity, you will create new opportunities for yourself and others.

Finally, you have the CAU Family’s continued support. We cherish and care about each of you. As we face the rising sun together, I want you to put on the whole armor of God and hold onto your faith. This year may not be what you envisioned, but I am confident that your spirit and tenacity will enable you to courageously keep your heads up and not allow this pandemic to define your future.

Remember, it is still your year, and we will celebrate you when we receive the green light to host a celebration safely.

Yours in Service,

George T. French, Jr., Ph.D.

Dear CAU 2020 Graduates,

The Coronavirus Pandemic represents the most serious public health challenge our country and world has ever faced. The unpredictability it has created continues to be challenging and decisions are having to be made quickly and with special attention to the health and safety of our students and all members of the University community.

Within a very short period of time, the University had to move from our traditional mode of instruction to all classes being on-line for the remainder of Spring semester 2020. All of our residential housing had to be closed and students returned home, staff had to shift from on-campus working to working from home, and various events, including your commencement, had to be postponed. The changes we had to make were formidable, but they were made because members of our beloved CAU community came together as a team and did the work required to complete the academic year successfully.

I want to express warm thanks to the Board of Trustees, members of the administration, faculty and staff who worked tirelessly and with lightning speed to get us through this difficult period. I also want to thank those staff persons who worked diligently to clean and sanitize buildings across the university, our security team who continue to monitor our campus to ensure that it is safe, and all the auxiliary service personnel who worked to help us make the changes required during these difficult times. Please know that as we move forward, the health and safety of our students and all members of the CAU community will continue to be our highest priority!

To the 2020 graduates, please know that you will have a commencement ceremony when COVID – 19 is no longer a threat and it is safe to do so. At that time, we will celebrate your many accomplishments with you and your families. Meanwhile, today’s salute is to let you know that you are in the thoughts of your CAU family!

Best wishes,

Dorcas Bowles

Dear CAU 2020 Graduates,

Congratulations on behalf of the Office of the University Registrar!

Today is the day that your vision of graduation has come to fruition!

“We hope your dreams take you to the corners of your smiles, to the highest of your hopes, to the windows of your opportunities, and to the most special places your heart has ever known.”

~Author Unknown

You have faced many challenges; however, you are still standing! You are the future of this great nation and world. We will look for you to become the leaders of tomorrow. You will be the doctors, the economists, lawyers, judges, professors, research scientist, or whatever you choose to become. We simply ask you to work hard to accomplish your professional goals.

You have the ability to beat the unbeatable and reach the unreachable. But before you can do any of this, you must believe in yourself and move to the next level with a clearer vision. Know that you will be even greater than the greatest.

Best wishes as you pursue your professional goals!

Sincerely,

Susan W. Gibson

Dear 2020 Graduates,

On behalf of myself and the School of Arts and Sciences, I’d like to congratulate each and every one of you on your great accomplishment! I have no doubt that you will continue to serve as worthy ambassadors for CAU by building upon our reputation for excellence.

As you embark upon and progress through your careers, I want you to remember three key things: that you matter, that you recognize your greatness, and that the only person you should compete with is yourself. I also urge you to always remember why you chose your respective fields and the sacrifices that you endured in order to make it happen: to serve our communities, improve the quality of life, and strive for social justice and equity with compassion, honesty and integrity.

I would also like to give special thanks to the parents, spouses, children and friends of our graduates for their patience, understanding, sacrifices and support - both moral and financial - during these challenging, but rewarding, years at the college.

In the coming years, I would ask that you not forget CAU, former professors, and fellow and future Panthers. As the newest members of the CAU Alumni, I encourage you to not only give back to your alma mater by supporting university activities, programs and scholarships, but also by keeping us updated on the many achievements you will experience in your careers and personal lives. We will always take great pride in your achievements.

CONGRATULATIONS!!! You have made it!!

Sincerely,

Dear Graduates:

On behalf of Clark Atlanta University (CAU) School of Business Administration faculty and staff, it is my pleasure to congratulate you upon your graduation from CAU – One Exceptional University. We in the B-School are extremely proud to have been a part of your educational journey and enthusiastically applaud you as you continue to pursue your dreams and begin a new chapter in your lives.

Despite a global pandemic and the challenges that followed, which hit our country, our city, our beloved campus, and maybe even your families…you made it; you are here; well done.

You now join the ranks of thousands of CAU alumni throughout the world, a designation that comes with much pride and awesome responsibility. Never forget the experiences and faculty, staff, family, and friends who inspired you to persevere to reach for your goals. As you reflect on the journey – your accomplishments and challenges here at the university and the B-School – continue to pursue and achieve greatness, measured most by the lives you enrich along the way.

Evidenced by your significant accomplishments here in Wright-Young Hall, across campus and most recently, virtually: you can do anything you set your mind to. I challenge you to take full advantage of the opportunities that await you; commit to making a difference in the world. I look forward to staying in touch – both through the B-School and CAU Alumni Association, Inc. – and hearing about your successes in industry, government, academia, community service, and beyond.

Again, many congratulations! We admire your tenacity and academic achievements, and wish you the best in the days and years ahead. Please find a safe way to cherish and celebrate this moment. Thank you for choosing to call the CAU School of Business Administration home during your academic career.

Sincerely,

Silvanus J. Udoka

Dear Graduates,

You each entered the university feeling a mixture of pride, uncertainty, excitement, and curiosity. Each of you have unique backgrounds, opportunities and successes. You have accomplished your goal(s) and the School of Education faculty and staff are so very proud of each of you!

My charge to each School of Education graduate is very simple. I urge you to complete and maintain six simple tasks.

1) Your first order of business as a life-long learner and leader is to take responsibility for your own zone of personal, intellectual, professional and spiritual development.

2) Assemble a support team of mentors and guides. Mentors and trusted guides are instrumental for personal and professional growth and development.

3) Do not forget your ancestry and history. Our mothers, fathers, grandparents, and ancestors paid a tremendous price for your ability to have the opportunity to seek an education and all of the opportunities that await you. Never forget who you are and your rich ancestry!

4) Never forget to say thank you to those that have helped you. Whether it was the professor that provided that opportunity for you to earn that extra credit to boost your grade or the Clark Atlanta University staff member that expedited your registration or refund check or the custodian that kept you dormitory clean, everyone along your CAU journey matters. Take a moment to say thank you to that family member or friends that provided support, financial resources, encouragement and prayer.

5) Live your dream. Build your dream. Dream building involves:
   - Pinpointing your desires
   - Setting goals for yourself
   - Planning out your dream life
   - Stepping out of your comfort zone
   - Conquering your fears and not living in fear of failure
   - And most importantly, Don’t worry about what other people think…live your dream!

6) Lastly, but most importantly, do not forget to pray. Prayer changes all things.

Graduates, thank you for selecting the School of Education for your educational journey! Thank you for your openness to what we have offered, for what you have contributed to one another and for your individual and collective contributions to the School of Education and Clark Atlanta University. You each have so much to offer to the world. Thank you and congratulations!

Sincerely,

J. Fidel Turner, Jr.

Hello Class of 2020,

It is my pleasure to bring greetings on behalf of the WMYJSSW! I am so proud of you for staying the course and completing the task. Along this journey I am sure there were times when you felt like giving up and throwing in the towel; but you didn’t and that’s what counts here today.

Staying the course does not mean that you fixed everything that came your way. "The truth is; no one can fix everything.” But, what you did was you made a decision to show up, to hang tough, and to do your best. You see, life is about decisions, the here and now. As you move outside of this space, I challenge you to make a decision to use your life in service; you will be in service to life. You will speak up. You will show up. You will stand up. You will sit in.

You will volunteer. You will vote. You will shout out. You will help. You will lend a hand. You will offer your talent and your kindness however you can, and you will radically transform whatever moment you’re in – which leads to bigger moments. You have no idea what your legacy will be.

In closing, I leave you with one of my favorite quotes by Nikki Giovanni:

“I really don’t think life is about the I-could-have-beens. Life is only about the I-tried-to-do. I don’t mind the failure but I can’t imagine that I’d forgive myself if I didn’t try”.

Congratulations Class of 2020!!!!!
