Overview

Completions Overview

Welcome to the IPEDS Completions survey component. The Completions component is one of several IPEDS components that is conducted during the Fall data collection period. It collects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and sex. The reporting period for the Completions component is during the 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year; therefore, for this year's Completions component, the reporting period is between July 1, 2025 and June 30, 2026. The Completions component is also collecting the number of students (e.g., completers) who earned awards between July 1, 2025 and June 30, 2026.

Data Reporting Reminder:
Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes in reporting
There are no changes for the 2026-27 collection.

Use the 2020 CIP codes for this year's data collection.
The CIP 2020 Website includes a list of new CIP codes, a list of deleted CIP codes, a list of moved CIP Codes, and an online crosswalk of the 2010 CIP and 2020 CIP.

Some common Completions component errors include the following:

- Including award levels on your current year Completions that were not reported on your previous year's (PY) Institutional Characteristics (IC). [Award levels in the PY IC component cannot be changed; therefore, contact the IPEDS Help Desk at 877-994-7337 (877-99-IPEDS) if you need assistance.]
- Forgetting to select CIP codes for new programs of study that are offered by the institution, but do not have completions for the reporting period.
- Forgetting to enter in zero in at least one of the cells for CIP codes that do not have completions.
- Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Keep in mind that some information provided by institutions on the Completions component appear in the College Navigator, which is a major tool used by consumers searching for information about postsecondary education. It is therefore vitally important that you include accurate information about your institution.

Perform Edits	The race/ethnicity distribution for male across all 6-digit programs and all award levels has changed more than expected from the prior year. Please correct your data or explain. (Error #10512)	Explanation	Yes	
Reason	Race and ethnicity data are self-reported by students and disclosure is voluntary. Students who choose not to provide race and/or ethnicity information are reported as "Unknown" in accordance with federal reporting guidelines. Therefore, the reported percentage reflects student self-identification practices rather than a data reporting error. The institution continues to encourage completion of demographic information but does not assign race or ethnicity categories when students elect not to self-report.
