Acknowledging Facts and Figures

The Office of Planning, Assessment and Institutional Research (OPAIR) is pleased to present the Clark Atlanta University 2011-2015 Trend Book. This publication contains both current and historical abstract of statistical information on a variety of institutional databases such as student, faculty and staff trends, academics, finances, library and learning resources, and physical plant. The data presented is frequently requested and is the definitive source of essential information that chronicles the University's progress over the past five years.

The compiled information is a result of data collected, recorded or retrieved from various sources by the fall and spring census dates and distributed to numerous campus offices and reported to federal, state and regional agencies.

The Trend Book is intended to serve as a resource for CAU constituents and decision makers engaged in planning, budgeting, evaluating and improving programs and services as well as reporting institutional effectiveness and stakeholder accountability.

Reader suggestions for improving subsequent editions are welcome.

In order to ensure accurate and valid data collected through professional methods, the OPAIR adheres to the Code of Ethics and Professional Practice (www.airweb.org) adopted by the Association of Institutional Research (AIR) and follows ethical principles and standards that guide the work of institutional research practitioners.

“Generating Data for Informed Decisions”

The Office of Planning, Assessment and Institutional Research (OPAIR), an integral part of the institutional planning and evaluation process, is established to determine the institutional effectiveness appropriate to Clark Atlanta University. The University’s mission statement is the foundation for institutional strategic planning, annual planning, long range and short range goal-setting, and evaluation. The office employs a variety of assessment methods, via data collection and analysis, to demonstrate the use of results of the continuous planning and evaluation process for the improvement of its academic programs and administrative and instructional support services, since the educational quality of the University determines how effectively the institution has accomplished its established goals.

Purpose and Function of the Office of Planning, Assessment and Institutional Research

The Office of Planning, Assessment and Institutional Research (OPAIR) is the central coordinating office for activities relating to institutional effectiveness and accountability to incorporate institutional planning and evaluation, institutional research, and compliance reporting with federal and accrediting agencies.

The main purpose of the office is to provide reliable, systematic, and timely information to academic and administrative units in support of the University's policy formation, planning, and decision-making. The office assists in developing, organizing, maintaining, analyzing and reporting institutional data. It is engaged in ongoing data collection, analysis and distribution resulting in official University statistics to satisfy both internal and external reporting needs; design and implementation of internal studies related to students, personnel, facilities, equipment, programs, services and fiscal resources; development of databases suitable for longitudinal studies and statistical analysis via the office of Information Technology and Communications. The office also provides assistance in establishing outcome measures for accountability and other related activities in support of planning, evaluation, resource allocation and decision making.

The information generated by the office can be applied in understanding, interpreting, managing and evaluating the institution, and in making informed decisions about current operations or future plans.

The following are the major functions of OPAIR:

1. Coordinate and assist with the development and implementation of the university's comprehensive planning structure of master plan, strategic plan, and annual integrated operational and budget plans.
2. Develop and maintain an electronic retrieval database of information pertaining to students, faculty, staff, academic programs, fiscal resources, library learning resources, physical plant and other areas as deemed necessary to assist administration in grants development initiatives, managing daily operations and making informed decisions.
3. Coordinate and assist in conducting surveys and research projects pertaining to institutional administration, policy issues, and program development.
4. Collect, analyze, and disseminate key institutional data reports to internal and external constituencies.
5. Complete and respond timely to all mandatory and voluntary reports and surveys, with accurate data, required from OPAIR by federal, state, and regional agencies and accrediting bodies.
6. Serve as a clearing house for all university related surveys, questionnaires, and inquiries in order to maintain the accuracy and consistency of the data contained. Maintain a historic repository of vital information on the University.
7. Conduct assessment and evaluation of the activities associated with the outcomes of institutional goals and objectives, reviews of academic, administrative and educational support programs and services.
8. Support institutional and professional program accreditations and certifications.

**PROCEDURES FOR OBTAINING DATA AND INFORMATION FROM THE
OFFICE OF PLANNING, ASSESSMENT AND INSTITUTIONAL RESEARCH (OPAIR)**

*Complete and submit electronic data request form available on OPAIR webpage
(www.cau.edu/OPAR/DataInformation/RequestForm.aspx)*

- If the data needed is readily available from the Institutional Research (IR) files, requests are usually answered immediately, or information is given as to when and how data may be available.
- If the request involves research or compiling of data, a written memo must precede and be accompanied by all the information needed and the purpose for which the requested data will be used.
- Entire copies of the original data/information request instruments from agencies must be provided to IR. Electronic or telephone requests from support staff will be accepted only with a copy of original document from the requesting agency.
- 3 – 5 business days of time must be allowed for requests. Advance notice for anticipated data/info will help.
- A copy of completed response submitted to requesting agency must be forwarded for IR files.
- Certain classified information is not available for general distribution. OPAIR will use discretion in distributing data of a certain nature, which the University considers confidential.
- All requests received by OPAIR are logged and completed on a priority basis.
- Requests must be made via an @cau.edu e-mail address. University policy prohibits OPAIR from sending internal data to any non-CAU e-mail accounts (i.e. Gmail, Yahoo, AOL).

POLICY ON DATA REPORT COMPLETION AND VERIFICATION

In an attempt to improve and maintain the quality of institutional data reporting by the Office of Planning, Assessment, and Institutional Research (OPAIR), every effort will be made to improve data collection by adhering to standards of data accuracy and integrity as established in the Code of Ethics and Professional Practice adopted by the Association of Institutional Research (AIR). This Code of Ethics for the quality of secondary data states that, “**the institutional research shall exercise reasonable care to ensure the accuracy of data gathered by other individuals, groups, offices, or agencies on which he/she relies, and shall document the sources and quality of such data¹.**”

To operationalize this standard as expressed in the Code of Ethics by AIR, it is proposed that OPAIR set the following methodology for data report completion and data verification that would allow accurate and timely submission of reports vital to Clark Atlanta University.

- OPAIR will use Banner database by Fall and Spring census dates to complete all outgoing reports. **Real-time data is not maintained by OPAIR and therefore cannot be used for reporting**
- Units when in disagreement with data provided must work with OPAIR for correction or clarification
- Reasonable time (5 business days) must be given to OPAIR to meet report deadline
- Final copy of the report submitted must be provided for files

UNIVERSITY HISTORY

Atlanta University, founded in 1865, by the American Missionary Association, with later assistance from the Freedman's Bureau, was, before consolidation, the nation's oldest graduate institution serving a predominantly African-American student body. By the late 1870s, Atlanta University had begun granting bachelor's degrees and supplying black teachers and librarians to the public schools of the South. In 1929-30, it began offering graduate education exclusively in various liberal arts areas, and in the social and natural sciences. It gradually added professional programs in social work, library science, and business administration. At this same time, Atlanta University affiliated with Morehouse and Spelman Colleges in a university plan known as the Atlanta University System. The campus was moved to its present site, and the modern organization of the Atlanta University Center emerged, with Clark College, Morris Brown College, and the Interdenominational Theological Center joining the affiliation later. The story of the Atlanta University over the next twenty years from 1930 includes many significant developments. The Schools of Library Science, Education, and Business Administration were established in 1941, 1944, and 1946 respectively. The Atlanta School of Social Work, long associated with the University, gave up its charter in 1947 to become an integral part of the University.

Clark College was founded in 1869 as Clark University by the Freedmen's Aid Society of the Methodist Episcopal Church, which later became the United Methodist Church. The University was named for Bishop Davis W. Clark, who was the first President of the Freedmen's Aid Society and became Bishop in 1864. A sparsely furnished room in Clark Chapel, a Methodist Episcopal Church in Atlanta's Summer Hill section, housed the first Clark College Class. In 1871, the school relocated to a new site on the newly purchased Whitehall and McDaniel Street property. In 1877, the School was chartered as Clark University.

An early benefactor, Bishop Gilbert Haven, visualized Clark as the "University" of all the Methodist schools founded for the education of freedmen. Strategically located in the gateway to the South, Clark was founded to "give tone" to all the other educational institutions of the Methodist Episcopal Church providing education for Negro youth. After the school had changed locations several times, Bishop Haven, who succeeded Bishop Clark, was instrumental in acquiring 450 acres in South Atlanta, where in 1880 (the institution relocated in 1883) the school conferred its first degree. Also in 1883, Clark established a department, named for Dr. Elijah H. Gammon, known as Gammon School of Theology, which in 1888 became an independent theological seminary and is now part of the Interdenominational Theological Center.

For purposes of economy and efficiency, during the 1930s, it was decided that Clark would join the Atlanta University Complex. In the winter of 1939, work was begun across town on an entirely new physical plant adjoining Atlanta University, Morehouse College, and Spelman College. In 1957, the controlling Boards of the six institutions (Atlanta University; Clark, Morehouse, Morris Brown and Spelman Colleges; and Gammon Theological Seminary) ratified new Articles of Affiliation creating the Atlanta University Center, the most prevalent consortium of African-American private institutions of higher education in the nation.

During the 1980s some of the advantages of proximity, which had seemed promising earlier, again became evident. Clark College and Atlanta University through consolidation preserved the best of the past and present and "Charted a Bold New Future." Clark Atlanta University was created on July 1, 1988. The new and historic University inherits the rich traditions of two independent institutions, connected over the years by a common heritage and commitment; by personal, corporate and consortia relationships; and by location.

The first President of Clark Atlanta University was Dr. Thomas W. Cole, Jr., who served concurrently as the President of both Atlanta University and Clark College prior to consolidation. Dr. Walter D. Broadnax became the second President for Clark Atlanta University on August 1, 2002, and served until his retirement on July 31, 2008. The third President is Dr. Carlton E. Brown, who assumed leadership on August 1, 2008.
